The Editor's column

by S. R. PADDOCK

Announcement was made this week that the supreme court had approved the legality of the toll road legislation. We are now waiting for the announcement of Governor Stratton Friday specifying what highways will be included in the initial plan. Will it be the Kingery Expressway, commonly known as Route 83?

There has been a lot of engineering activity in the vicinity of Busse and Golf roads. A number of home owners have been told by the surveyors that if the present plans are carried out, their homes will be in the way.

•

Mount Prospect Zoning Commission will hold a hearing June 4 on a petition asking that the Kirchhoff property be rezoned for light industry. We understand that Arlington Heights will ask that the light industry area be limited to property east of the Kingery Expressway, which would then serve as a buffer to the residential area to the west.

Mount Prospect school board will probably not look with favor on any such settlement. It has the highest tax rate of any northwest community.

After a talkfest of over a year and just as we all thought that the last obstacle for the location of Roth Manufacturing Co. had been removed, a purported Mt. Prospect subdivider smashed the "egg basket," by starting court proceedings. Arlington lost the Roth plant. Now the tables are turned and it is Arlington Heights who may smash the eggs.

•

In the meantime, Palatine is welcoming industry. One moves in Friday; two more are on the way and a new rezoning hearing is scheduled for next month to admit additional plants.

•

Before we get any "Hush-Hush" orders, we are passing on to our readers plans in the making that could temporarily solve the business district parking problem.

The establishment of a station at Wilke road is being investigated by the railroad company. A platform could be erected along the southbound track east of Wilke. Returning passengers could alight west of Wilke.

When we heard George Schneberger make such a suggestion several months ago, we thought it was impossible. Today the North Western is going all out to get commuter revenue, and President Feucht did not poohpooh the plan when he gave Arlington the once over one day last week. He said, "the towns along the Wisconsin division of our line are growing faster than any other, and we are ready to do the necessary transportation job."

•

When President Feucht of the North Western railroad told George Schneberger this week that he had never seen any request from anybody for use of any of the railroad parks for parking purposes, Schneberger got busy, and presto chango, things began to happen.

Within a week, four railroad VIP's came to town, ate dinner with George and Messrs. Poole and Krause at the Supper Club, and an estimated parking area for 300 cars is on the way.

This brings to our mind the days when Schneberger was a member of the village council. It was his insistence that gave birth to the present recreation park. When he decided that the old freight depot was a blot on the landscape, a new freight station was built, a gift to the railroad company, from Arlington Heights businessmen.

•

A railroad official, who is also an Arlington Heights commuter, made the prediction Wednesday that after meters are installed, a lot of wives will be driving their husbands to the trains.

•

There is more than one way to acquire a four lane pavement. Arlington police has eliminated frequent traffic jams at the Vail street railroad crossing by the use of a bit of paint. If the motorists drive in the marked lanes, more cars will be able to cross the highway when the green light shows.

•

Acceptences to serve on the citizens group which will study high school needs were a little slow in coming in, but a glance at the names of the men and women who have consented to serve on that body, convinces us that the job will be well done.

•

Palatine village board has decided that operating a tavern in that town is worth $200 more a year than engaging in the same business in Arlington Heights. Palatine has boosted the annual license fee to $800 for six taverns.

We can see Arlington come back with, "our license fee is only $600, but look how many more we sell — thirteen of them."

Charred remains of the George Sidor home, Belmont ave. and Avon st., Elk Grove township, which was completely gutted by fire Monday morning. Mount Prospect Rural firemen were unable to save even a small portion of the building due to lack of water. The family's furniture and much of their clothing were also destroyed. —Staff Photo.

C&NW Offer Two Areas For Parking 300 Cars

Ask Installation Of Meters In All Commuter Spaces

If Arlington Heights is ready to install meters as has been the recommendation of the Plan Commission, a large part of Arlington's immediate parking problems can be easily solved without the purchase of off street parking.

The Chicago & North Western railroad is ready to enter into a contract with the village for the use of two south parks for that purpose.

Paul Feucht, president of the railroad, made an informal visit in Arlington last week. While discussing with George Schneberger and George H. Poole matters of mutual interest, Schneberger took the opportunity to outline the commuter and business parking problems, asking to what extent the company would be willing to cooperate in its solution.

* * *

TUESDAY morning four officials of the company came to Arlington to look over the situation. The visitors were N. L. Waterman, general superintendent, Jack Perrier, division engineer, R. H. Heron, superintendent of transportation and J. J. Stein, assistant vice president in charge of operation.

Accompanied by Walter Krause, Schneberger took the group on a tour of the town, showing the rapid development and asked the cooperation of the railroad officials in solving the parking problem of commuters and the general public.

Following an inspection of railroad property the railroad men outlined a possible solution, which included the use of the parks between Evergreen and State rd.; Dunton and Vail for exclusive parking use, the village to blacktop the area and install meters. They also suggested that meters should also be installed in the area now used by commuters. The railroad company would be paid a part of the meter collection as rent for use of its property.

* * *

IT IS ESTIMATED that if diagonal parking is provided in the two parks, four lanes could be installed which would provide for 300 cars. The engineering department will prepare plans and forward them to the Plan Commission for its consideration.

During the visit of President Feucht here, Schneberger inquired if it would be possible to have a limited number of commuter trains make a station stop at Wilke rd. The company will study the matter, but any platforms for such service will have to be apart from the loading tracks that are owned by the Arlington Jockey Club.

Junior Prom Friday At Medinah Club

The 1954 Junior Prom, highlight of the social season for students of Arlington Heights high school, will be presented tomorrow, May 28, from 9 to 12 p.m. at Medinah Country club.

Music will be provided by the Jimmy Richards orchestra, consisting of 10 pieces, and featuring a girl vocalist.

Each junior and senior is entitled to a ticket for two without charge, but these tickets must be presented by members of the proper classes to be honored at the gate. Escorts need not be students of the local school.

Underclassmen have been invited to the prom, but must purchase tickets at $4 per couple.

The junior class, under the direction of president Floyd Burns and sponsor Alvin Kalieke, have been working on plans for the prom throughout the year. Everyone concerned thinks it should be an outstanding event even for an Arlington Junior Prom.

Music Department Of Grade School To Give Concert Friday

The instrumental and vocal music departments of the Arlington Heights public schools will present their annual outdoor concert Friday, beginning at 7 p.m.

This year the concert will be held on the black-top area on the west side of the South school building, near the kindergarten entrance. The boys' chorus, girls' chorus and the mixed chorus, under the direction of Walther Liebenow, will each sing two vocal numbers.

The concert band, under the direction of Harold Brunt, will play the following selections: "The Star Spangled Banner," "Sunset Hour," "Favorite Strauss Waltzes," "I'll See You in my Dreams," "Prayer of Thanksgiving," "When the Red, Red Robin Comes Bob, Bob Bobbin' Along," "Melodies from Operaland," "Caissons Go Rolling Along," "Some Day My Prince Will Come," "March of the Marines" and "Anchors Aweigh."

The public is invited to attend.

VFW To Head Memorial Day Parade In Arlington Monday

Memorial Day in Arlington Heights will be observed Monday with a parade and special ceremonies at Memorial Park, the program in charge of Veterans of Foreign Wars Post 981, with Sylvester Greschner acting as parade marshal.

The parade will assemble at the South school at 9 a.m. and will step off at 9:30 a.m. Line of march: east on South st. to Dunton ave., north on Dunton ave. to Euclid st., west on Euclid st. to Walnut ave., south on Walnut to Fremont, east on Fremont and enter Memorial Park.

Arlington Heights high school band, under the direction of Fredrick Schmoyer, will highlight the line of march, which will also include: police escort; 9th Infantry Battalion, Capt. Gahon J. Haskins, officer in charge, U.S. Marines; colors, firing squads, officers and members of the VFW and American Legion and their auxiliaries; village officials, fire department, Lions club and Chamber of Commerce members. VFW Post 1337 and its color guard will also be present for the occasion.

* * *

CEREMONIES at the park will begin at 10:15 a.m., with Rev. Harold O'Hara of Our Lady of the Wayside Catholic church giving the invocation. Guest of honor will be Col. Joseph P. Sayers, assistant director Ninth Marine Corps Reserve and Recruiting district, who will give the address.

During the service Dr. B. T. Best will be presented with a Citizen's Citation by the VFW. He is being honored for his civic service and Memorial Park donation. Also included on the program will be the singing of "America" and "The Star Spangled Banner," led by Mrs. Mary Ann Laseke, and accompanied by the high school band.

Following the service at Memorial Park all units and citizens will proceed to the cemetery by car, reassembling at Memory Gardens, E. Euclid ave., south main gate. A special dedication ceremony will be conducted at the new War Memorial donated by Memory Gardens, William J. Pailey, President.

The assembly will then march to the north side cemetery to the grave of Comrade Merle Guild, where American Legion officers will conduct the ceremonies.

An invitation is extended to the general public to take part in this Memorial Day program.

Seeks To Have 136 Acres Zoned For Industry

The same piece of property on which the Roth Manufacturing company considered erecting a plant is again up for rezoning for light industrial purposes. The picture has changed a little, however, since the property was recently annexed to the village of Mount Prospect.

The 136 acre tract in question is bounded on the south by Central road, the west by Arthur ave. and the north by the Chicago and North Western railroad. At one time the property had been annexed to Arlington Heights, but when the sale to Roth fell through the land was taken out of the village by the owners.

* * *

MEMBERS OF THE Arlington Heights village board and planning commission, as well as the village attorney, Hugo J. Thal, met with officials in Mount Prospect Monday night to discuss the route of the proposed Kingery Expressway through the property. Sol DiMucci, new owner of the property, plans to have the entire tract rezoned for light industry. It is understood that Arlington Heights officials asked to have all the property lying west of the Kingery Expressway zoned for residential instead of industrial.

The matter was discussed at an adjourned village board meeting in Arlington Heights Tuesday night and it was decided to have Attorney Thal represent the village at the zoning hearing, which will be held at the Mount Prospect village hall June 4, at 8 p.m. Property owners who objected to the rezoning for the Roth plant will also be asked to attend the hearing.

Safety Lane Rejects 95 Automobiles

Nearly one car out of every six which were tested last week on the Arlington Heights safety lanes were rejected by the mechanics. Defective brakes numbered 21; steering 8; exhaust systems 12; lights, glass, horns, etc. 54. There were 608 cars tested.

The safety lanes were operated by the safety committee of the Arlington Heights Lions club. Their operation was made possible by volunteer labor by mechanics employed by local service stations and garages.

A total of 242 cars were tested on two lanes Wednesday evening of which 39 were rejected. Thursday evening there were 271 cars and 35 rejects. Friday evening with only one lane operating there were 95 cars, 21 rejects.

Drivers of rejected cars can secure safety stickers by presenting to the village clerk evidence of correction signed by a garage or service station operator. The committee, of which Sgt. Oscar Johnson is chairman, is very much pleased with the cooperation given by the general public.

They and the police feel that Arlington Heights drivers are more safety conscious because of the campaign. From time to time during the next 12 months they will present safety data to the public through the columns of the Arlington Heights Herald.

Most Stores To Close Monday In Observance Of Memorial Day

Due to the fact Memorial day, a national holiday, falls on Sunday this year, most stores and businesses in Arlington Heights will remain closed Monday, in observance of the holiday. The bank and post office will also be closed. There will be no home mail deliveries Monday.

The office of Paddock Publications will be closed and correspondents who have Monday deadlines are urged to bring in as much of their news as possible on Friday. Pick ups ordinarily made on Monday will be made Tuesday

Rolling Meadows Complete Plans for School Building

Rolling Meadows may set the pace for school building in fast growing areas. That area which was only farm land last summer, will have nearly 500 families next September and there will be school facilities for the children of those families. The developer is confident that he can build school houses nearly as fast as he builds homes.

The Palatine school board is all for the plan, especially because it is Mr. Hill, who will be paying for and conducting the experiment, if it might be called that.

Mr. Hill appeared before the Palatine school board last Wednesday, offering for school purposes a school site, the construction of a school building constructed along orthodox lines or individual four room school units to be operated under the campus plan.

The board accepted the dedication of 16 acres at this time with assurance that an additional acre will be forth coming later. That acceptance will be communicated to the Arlington Heights plan commission, which is being asked to give its approval to section No. 4 of the Rolling Meadows project.

Mr. Hill offered the board additional school cottages on different sites throughout the area, or the consolidation of all school activities within the one area. The board decided upon the latter.

They were then given the choice of a single school building in which all grades would be housed or four-room buildings which would be operated under what is known as the campus plan. The latter plan was chosen because it provided more school for money available. Under such a plan it will be possible for one or two of the school units to be in readiness for school opening in September.

Mr. Hill and his architect, J. DuBainco, originally submitted several designs which did not meet the approval of Supt. Jordan. Tuesday noon, however, they presented plans that received the unqualified endorsement of Jordan and other school men who have seen them.

The buildings will have many features, such as air conditioning, individual room exits to the outdoors, etc. Some of the materials to be used are entirely new for school construction. It is anticipated that many school districts throughout the state will be interested in Palatine's experience.

At present there are 40 first, fourth and fifth grade children attending the present cottage schools in Rolling Meadows. The others are being transported by bus to Palatine.

It is anticipated that there will be 300 children of school age next September. All grades below sixth will attend school in Rolling Meadows. The three upper grades will be taught in the junior high school in Palatine.

Purdy & Hilgermann Open Realty Office

Purdy & Hilgermann, well known real estate brokers who operated in Park Ridge and the northwest suburban area for many years, have opened a new office in the P. K. Ladas building at 6 East Northwest highway across from the depot.

Mr. Purdy will head the residential sales and insurance departments. He was president of the northwest suburban board of realtors last year. Mr. Hilgermann will head the farms and countryside home sales department.

Fire Razes Home Of Family Of Five

A family of five was left homeless Monday morning when their home in Elk Grove township, about a mile south of the Arlington Heights village limits, was completely gutted by fire. The home is located in the southwest corner of Belmont and Avon, about 2 blocks east of State rd.

George Sidor, owner of the house, discovered the fire, which started in the garage, when he returned home after taking his two older children to school. When he saw flames and smoke pouring out of the garage he dashed in to get his wife and two year old daughter.

The fire gained headway rapidly, probably due to an oil storage tank in the garage and a strong southwest wind. The family was unable to rescue any of their belongings before fleeing the flames. Neighbors first summoned the Arlington Heights fire department, which does not serve the district, and then called the Mount Prospect Rural fire department, which serves that area.

* * *

BY THE TIME the rural fire trucks arrived the garage was enveloped in flames, which were already lapping at the remainder of the 6 room frame home. Before they could get the fire under control the 750 gallon water tank on the truck and the 1000 gallons on the tanker were emptied and the tanker had to leave to get more water while firemen and neighbors stood by helplessly.

A short time later the Arlington Heights firemen, who were asked for assistance, arrived. They had only one truck with a water tank, which holds 450 gallons. The two departments working together soon had the fire out, but not quick enough to salvage any of the house.

A few pieces of furniture were saved and some of the family's clothing, though the latter was badly damaged by smoke and water.

The Sidors had only lived in the home about a year. Sidor had built the house himself, starting work on it two years ago. It was almost completed when the fire broke out.

* * *

THE FAMILY has only enough insurance to cover the mortgage and a little insurance on the furniture. Cause of the fire was undetermined.

Sidor is employed by the Sunbeam Corporation in Chicago, and works nights. They are members of the Our Lady of the Wayside Catholic church in Arlington Heights.

Neighbors have started taking up a collection to help the family, and other neighbors have offered them temporary shelter until other living quarters can be found.

Clothing for the youngsters and parents are also needed. The two girls are six and two years old and wear size eight and four respectively. The boy, who is eight, wears size 10. Anyone wishing to help the family may call Mrs. Howard Koepke, CLearbrook 3-1769, who is in charge of the neighborhood collection.

Monday afternoon the Mount Prospect and Prospect Heights firemen answered a call for help from the Wheeling department. The fire was at Hintz rd. and the Soo Line tracks, where a pile of tar treated logs were stored by the Contractors & Material Company.

The Mount Prospect inhalator squad received a call Tuesday morning. The patient, who has a heart condition, was removed to a hospital and was reported doing well Tuesday night.

VFW Breaks Ground For $50,000 Hall

Ground was broken Friday for the new $50,000 club house of Veterans of Foreign Wars, Post 981, Arlington Heights, which is being built on the northeast corner of Yale ave. and Northwest hwy.

The English colonial structure will have an English type basement, which will actually be the first floor of the building. It will house the dining room, kitchen and meeting rooms. The entire second floor will be a dance hall. The building, which is 64 by 46 feet, will be constructed of stone and brick.

It is hoped the club house will be completed in time to use next fall.

Barbers To Close Sunday Thru Wednesday

Arlington Heights barber shops have declared a long holiday, Sunday through Wednesday, of next week. Barbers would normally be closed Monday and Wednesday, anyway, due to observance of Memorial Day, and they have added the Tuesday to provide a good four day vacation. Shops will open again Thursday morning, June 3.

New Texaco Service Station Grand Opening

Bud's Texaco Service at 1604 West Northwest Highway, Arlington Heights, is holding a grand opening this week Thursday, Friday and Saturday.

The proprietor, Wendell Frakes, is no stranger to many autoists of this area. He operated a service station in Park Ridge and spent several years with a Chevrolet agency. He is what is known in the trade as a lubrication engineer.

"I win many customers by my lubrication jobs," says Wendell, "because cars brought to auto owners know the value of expert lubrication service."

There will be many gifts awaiting customers at Bud's Texaco Service on the Northwest Highway the coming week-end.

Committee to Study School Problem

George Sheppard, chairman of the Board of Education, District 214, Building Committee, announced today that the Citizens Lay Advisory Committee would hold its organization meeting on Thursday, June 3, 1954. Mr. Sheppard stated that Dr. George A. Beauchamp of Northwestern University would discuss with the committee various ways that the committee could organize.

In addition to the discussion lead by Dr. Beauchamp, Mr. Sheppard, as chairman of the Building Committee, will discuss the duties and obligations of the committee.

Elmer F. Laurin, President of the Board of Education, will open the meeting and present the speakers. The meeting will be held in the high school cafeteria located on Ridge ave.

Residents of Wilson school district 24 approved a $40,000 bond issue Saturday by a vote of 148 to 3. Approval to erect the addition was passed by a vote of 142 to 5.

A total of 158 votes were cast in the election, but six of the ballots were spoiled.

* * *

THE BOND issue was for two additional class rooms, two wash rooms and a utility room. The additional space was needed to serve the new residents of Virginia Terrace subdivision, which is in the Wilson school district. Raymond T. Lutgert, developer of Virginia Terrace, gave the school district $25,400, which will be used for teachers' salaries and school maintenance. This will help cover the period before the new homes will be placed on the tax rolls and start contributing to the support of the school district.

Contracts for the new addition will be let as soon as the vote has been canvassed. It is expected to be ready for the opening of school next fall.

Eastwood Events

Spring Dance

June 4 is the date set for the annual spring dance of the Eastwood Community association and the committee is anxious to have the dance be as successful as those held previously. The dance will be held at Sportsman Country club with music by Bill Otto's orchestra. New officers and directors of the association held their first meeting May 19 at the home of Norman Hoym. Committee chairmen are Jack Anderson, civic affairs; Garth Heisig and Mrs. Gustafson, social; Del Barrick, membership; John Kelly, safety; Marion Thompson, welcoming; Don Shaw, legal and Dorothy Raasch, publicity.

Storkfeathers

Congratulations are in order for Mr. and Mrs. Frank Patton who became parents of a girl, May 18. The baby, named Kristine Ruth, was born at the Presbyterian hospital, Chicago, and wieghed 8 pounds 7 ounces. Kristine has an older sister, Karen, who is 4 years old.

A fifth son was born to Mr. and Mrs. Tony Weissmueller May 24 at St. Francis hospital, Evanston. The baby, named Thomas David, weighed 7 pounds 1 ounce at birth. Tommy's brothers are Jimmy 6, Bobby 4½, Jay 2½, and Donald 1½. Grandparents are Mr. and Mrs. Francis O'Reilly, Evanston, and Mrs. A. Weissmueller, Chicago. Congratulations, folks!

Mr. and Mrs. Gus Anderson entertained 26 of their friends from Wisconsin, Michigan and Chicago May 22 at a Swedish smorgasbord supper.

Mrs. Jack Thompson is up and about again after undergoing surgery at St. Francis hospital May 15 to have a needle removed from her foot. Mrs. Thompson accidentally stepped on the needle in her home. Because of this mishap, she was unable to attend funeral services for her grandfather who died in Milwaukee May 18.

Birthdays

Looks like a few birthdays slipped by without mention so we will take this opportunity to congratulate these people.

Russell Walters celebrated his ninth birthday May 10 by having a wiener roast in his back yard for 14 of his boy friends. Rusty, as he is known, is the son of Mr. and Mrs. Russell Walters of N. Douglas.

May 8, Joanne Travis, daughter of Mr. and Mrs. Foster Travis, celebrated her ninth birthday by having 12 girls for a barbecue luncheon party. Cold weather forced the party indoors, but the porch proved to be a good place for cooking hamburgers and hot dogs.

Mrs. Elna Nickelsen also celebrated a birthday this month, May 15.

The Frank Soprano's oldest son, Frank, was 11 May 21. Relatives helped Frank celebrate the occasion Thursday evening and Sunday.

Readers are reminded to make arrangements as early as possible for the spring dance. The date is June 4, at Sportsman Country club, and music will be furnished by Bill Otto's orchestra. Tickets are on sale for $3.60 a couple. Ticket chairman is Mrs. Jack Mutti, CL 3-7835.

Eastwood Annual Spring Dance June 4 At Sportsman

Eastwood Community association is holding its annual spring dance Friday, June 4, at Sportsman Country club with Bill Otto's orchestra furnishing the music. Tickets are on sale at $3.60 per couple. Jack Anderson is chairman of the dance and Mrs. Jack Mutti is ticket chairman.

All Eastwood residents and their friends are invited to attend. Committee members suggest all former residents attend to renew acquaintances with former neighbors and friends. Anyone interested in tickets may phone Mrs. Mutti at CLearbrook 3-7835.

Arlington's D. P. Lewis To Attend Scout Session In Washington

With "Organizing to Serve the Boys of America" as its theme, the national council of the Boy Scouts of America will hold its 44th annual meeting at the Hotels Statler and Mayflower in Washington, D. C., Friday and Saturday, May 28 and 29.

More than 1,400 adult leaders from all parts of the nation will represent many of the 538 local councils which administer the program to 3,445,045 boys and leaders in 91,425 scout units throughout the United States and its territories.

Attending the meeting will be two leaders representing Northwest Suburban council, with headquarters in Park Ridge.

Local delegates are Erich H. Schalk of Des Plaines, and D. P. Lewis of Arlington Heights.

Dr. L. W. Jones, president of Rutgers university, New Brunswick, N. J., will address the opening luncheon Friday, May 28, at the Mayflower Hotel.

Robert B. Anderson, deputy director of defense, will address the annual banquet that evening. Ezra Taft Benson, secretary of agriculture, will speak at the closing luncheon Saturday, May 29.

Public Grade And High Schools To Close Monday For Memorial Day

The Arlington Heights Public elementary schools and the Arlington Heights township high school will be closed all day Monday, May 21, according to an announcement made by school officials this week.

No change will be made in the dates for ending classes for the school year as previously announced.

School heads of the Mount Prospect and Prospect Heights public schools have also changed the decision to remain open Monday and will remain closed. Elk Grove Community Consolidated and Wheeling Consolidated schools, will remain open.

Spiritual Progress Surpasses Atom, Lecturer Says

Spiritual progress, as illustrated by increased reliance on prayer for healing, is more than keeping pace with new developments in the physical sciences, Grace Jane Noee of Chicago told a large audience May 23.

There is steadily growing acceptance and proof that the Bible contains the recipe for all healing, Mrs. Noee said. She declared that "Christian Science is bearing this out by healing every known disease and discord, every phase of fear and sin and their effects."

* * *

ON NATIONWIDE tour as a member of The Christian Science Board of Lectureship, Mrs. Noee spoke in Arlington Heights township high school under auspices of First Church of Christ, Scientist, Arlington Heights. She spoke on "Christian Science: Its Conceptions and Its Consistencies" and was introduced by Kenneth Arnold of Mt. Prospect, First Reader.

The healing power of spiritual understanding of God and man as set forth in the Bible is being proved effective in the atom age, she said.

* * *

"FOR CENTURIES," she said, "the Bible has brought comfort to its readers." Today, she went on, through the understanding of the Science of Christianity, "it not only brings comfort to the brokenhearted, but it heals the brokenhearted. It not only gives the sinner hope, but it heals and redeems him. It heals the suffering heart, the lonely heart, the hardened heart."

Explaining prayer that heals, Mrs. Noee said it demands the acknowledgment, with spiritual understanding, that God is the only creator, that His creation is wholly spiritual and good, and that man is created — as the Bible declares — in God's image and likeness. From this it follows that God's creation, including man, is whole, perfect, harmonious, and immortal.

She explained that the understanding of these spiritual facts removes the false fears and beliefs responsible for sin, pain, and disease, and brings moral and physical healing.

* * *

SPIRITUAL understanding is applicable to every problem of human existence, she said, including that of atomic force. Because research in atomic energy challenges human thinking to give up previous limited ideas of power, such study is liberating and "such efforts eventually lead us into the understanding of divine metaphysics," she said.

She pointed out that "twice a year for more than fifty years, students of Christian Science have studied a Lesson-Sermon on atomic force, and history must record another evidence of the spiritual vision of Mary Baker Eddy, the Discoverer and Founder of Christian Science, in her clear analysis of atomic force to be found in her several references to it in the Christian Science textbook, 'Science and Health with Key to the Scriptures,' and her other writings."

Mrs. Noee added: "We shall see an enlightened humanity emerge out of the belief that matter is basic to mind. The Christian Scientist does not ignore the atomic threat of destruction, nor is he infected by the false belief shared by many that power is in matter. He knows that divine Truth, God, is equal to any occasion."

Missionary Conference At Ev. Free Church

H. G. RODINE

The first annual foreign missionary conference of the Arlington Heights Evangelical Free church will be held Thursday, Friday and Sunday, May 27, 28, and 30.

The conference will be climaxed by a message Sunday evening by Rev. H. G. Rodine, former missionary to China and presently secretary of Foreign Missions of the Evangelical Free Church of America. This service, which begins at 7 p.m., will be held in the auditorium of the North school, 410 N. State rd. A special feature of this service will be the commissioning of Miss Leeta Thornton, a missionary candidate to the Belgian Congo who is leaving for Africa in June. Miss Helen Johnson will also participate and will tell of her work as a missionary to Hong Kong.

At the Sunday morning service, also to be held in the auditorium of the North school, Rev. Mel Lundeen, who is in charge of a boys' school at a mission station in the Belgian Congo, will speak. Miss Naomi Skoglund, who has served four terms as a mission ary nurse to the Belgian Congo will also take part.

Tonight and Friday at 7:45 p.m., the conference meetings will be held at the church parsonage, 202 N State rd. The meeting Thursday will be addressed by Rev. Lundeen, who will also show pictures of his boys' school work. Mr. and Mrs. John Loshbough missionary candidates to the Belgian Congo, who will be sailing in August, will also participate.

At the Friday night meeting Rev. A. G. Peterson, who has served four terms as a mission ary to Venezuela, will speak and show pictures of the evangelistic work he is doing in that country. Also taking part in this meeting will be Miss Thornton and Miss Doris Sanderson, who is a missionary nurse to the Belgian Congo.

Robert I. Beers Is New Director Of Lake Bluff Orphanage

Supporting organizations of Lake Bluff orphanage have been pleased to hear that the board of trustees announced at its April meeting, the appointment of Robert I. Beers as the new executive director. Mr. Beers' background is outstanding in children's welfare work.

Lake Bluff orphanage is not in a true sense an orphanage. Children make their home there, in the majority of cases, due to the shattering of their own homes because of death, divorce, desertion, alcoholism, or illness of their natural parents.

Founded in 1894 as the Methodist Deaconess Home at Lake Bluff housing seven children in a single building, it has grown into its present size. There are now three buildings, each housing six living units surrounded by suburban acreage.

Each child group of eight to 12 children live with a house mother and house father.

Lake Bluff orphanage children are an accepted part of community living. They attend public schools and churches, visit back and forth with their school mates, and participate in scouting and "Y" activities.

Among the home's numerous hard-working supporters is a new organization, "The Lake Bluff Orphanage Service league." This league, assists in personal clothing needs and helps refurbish living quarters as the needs arise. The annual benefit, sponsored by the league, is to raise funds specifically for the new clothing fund.

This year's benefit will be the performance of Rodgers and Hammerstein's, "Oklahoma," June 11. This will be opening night of the theatre and the debut of "Oklahoma," being presented in a Music-in-the-Round theatre.

In Arlington Heights tickets may be obtained from Mrs. George Carr, Cl 3-4144; Mrs. O. C. Beattie, Cl 3-5784, or Mrs. Harry Broadwell, Cl 3-2075.

Annual Western Round-up To Be Held June 12

"Dudes" will be in swing for the annual "Western Round-Up," a benefit given by the Arlington Heights auxiliary of the Park Ridge school for Girls June 12 at Allison Woods, Wheeling.

This new auxiliary, organized a little over a year ago, had such a successful round-up last June, that people have clamored for a repeat.

The outdoor atmosphere of a lovely forest preserve, the early summer climate, the gala wooden horse just waiting to give someone a ride, the hostesses in their blue jeans, checked shirts and sombreros, the food—served from an authentic chuck wagon, and the happy carefree attitude of the guest "dudes" are conducive to a "trotting" good time for the 500 people expected.

Cocktails will be served from 6 to 8 p.m., supper and dancing under that stars will follow.

Mrs. William H. Ball, president, and Mrs. Douglas Smith, vice president of the group, are in charge of arrangements.

Tickets are $7.50 a couple, and may be purchased from any of the auxiliary members or by calling Mrs. J. Kemp Blackwell, ticket chairman, at CLearbrook 3-0737.

Jeans or any sport attire will be the costume of the evening.

Downers Votes Increase

Downers Grove turned out en masse to support a proposition which will allow the grade school district to pay higher salaries for its teachers.

Results of the tax referendum in district 58 showed overwhelming support by the citizens for the 21 cent educational tax increase.

Official returns gave 2,081 votes for the proposition increasing the tax rate from .90 to $1.11 per $100 assessed valuation, and 895 votes against the issue.

Lights In Barrington

Three bids have been received for the installation of six mercury-vapor street lights at the Main-Cook street C. & N. W. railroad intersection in Barrington.

Opening the bids the village board found that Cuba Electric Shop, 209 N. Hough street, the only local bidder, was an approximate $3,000 under the next high bidder on installations using concrete or steel tube standards and $2,300 lower on aluminum standards.

CIRCLING THE TOWN

BY PHYLLIS KNIGHT

Time alone will tell if the Arlington Lions are in the running for the Look magazine award for achievement in public safety, but the value of their program to the community has already been demonstrated.

Last week's safety-lane program for automobiles was, we believe, the first of its kind in this area and gave motorists a chance to find out if their cars were in top-notch condition.

Weekly safety messages in the Arlington Heights Herald have helped make the community safety minded. They have stressed various phases of safety—as it pertains to pedestrians, bike riders and motorists. If one life has been saved or one injury averted, the Lions will consider their job worth while.

Lions hope to make Arlington people safety-conscious the year around and not simply during their current campaign.

Help Needed

PTA members of the public schools are again endeavoring to find housing for the teachers of the system. Though the new Trude apartments, to be built on the site of the former Lutheran home, may help alleviate the shortage of rental units, more will still be needed.

Mrs. Edward Smith, chairman of the project, has said that most needed are apartments and homes to rent. A few of the teachers with families would perhaps be interested in buying a small home.

One of the ways to attract — and keep — teachers of which Arlington Heights can be proud is to help them obtain the kind of a place to live they want, and this is what the PTA aims to do.

All In

There were a lot of Arlington boys who had an exciting and exhausting week end at the Northwest Suburban Boy Scout council's camporee. For some the week end began Friday night when they went to Deer Grove to camp out all night, but official opening was Saturday morning, and the program concluded on Sunday afternoon.

Saturday night's campfire — to which the oldest group from the Cub Scouts were invited as well as parents of the scouts and explorers attending — consisted of songs and stunts as well as scout ceremonies. Sunday afternoon scouts were awarded participation ribbons and camporee patches.

About 300 boys and their leaders participated in this, the biggest group activity of the spring season. With the weather conditions perfect participation enthusiasm and attendance were at their peak.

OES To Hold Smorgasbord

A smorgasbord will be held Wednesday, June 9, by the Wheeling chapter of the Order of the Eastern Star, at the Amvet hall, it was announced by that group's worthy matron, Mrs. Lloyd Kelm. Serving will begin at 5:30 p.m.

* * *

HEADING the committee in charge of the smorgasbord, is Katherine Cadwallader, who is being assisted by Mrs. Lew Fritze and Mrs. Robert Rangier.

Tickets are now available and may be obtained from members of the organization or at the Triangle Motor Sales in Wheeling at $1.50 for adults and $1.00 for children 12 years old or under.

TV NEWS

By Don Hager

NBC-TV's determination to cut into the CBS Monday night TV ratings has cost them the long established Firestone program of music. The tire people announced they would leave the NBC net after June 7th because they were unable to keep their present time spot. NBC wanted to put Sid Caesar on Monday night in competition with Arthur Godfrey and Burns and Allen on CBS.

Another part of the NBC Monday night drive finds the network considering moving Jack Webb's "Dragnet" over to Monday opposite "I Love Lucy." These two shows have been running neck-and-neck all year in the popularity polls, and a lot of fans in two-station cities won't like having to choose between them.

CBS is competing, too. Ronald Reagan is their answer to the popular Robert Montgomery dramatic series. Reagan will play host to a new drama series. He's already signed such stars as Jane Wyman, Tyrone Power, Fred Astaire, Henry Fonda and Joseph Cotton for roles in forthcoming TV plays. Reagan, like Montgomery, will function chiefly as host, although he will act in occasional stories himself.

All this competition is good for television. It simply means that each network is out to produce better programs than the other . . . and in general that means better televiewing for you and me. You're sure of more comfortable televiewing, and healthier, comfortable living in general, when you install an air-conditioner in your home. Choose from the largest stock of fine airconditioners in this area—Servel, York, Carrier, Kelvinator, Coolerator and others. **DON HAGER'S TV & APPLIANCE, 11 W. Davis St., Arlington Heights. Brickman 'Makes Way' For Kingery Highway Construction

Plans to assure the unobstructed passage of the Kingery Expressway through the property of builder Joseph M. Brickman in Arlington Heights are under way, Mr. Brickman disclosed today in a letter to Edmund O'Brien, chairman of the Arlington Heights Planning Commission.

Mr. Brickman said that he already has had a meeting with Hugo Stark, chief engineer of the Cook County Highway Department, at which the proposed route of the expressway was reviewed and at which plans for the relocation of a group of modern homes which Mr. Brickman intends to build on the property were agreed to.

The text of Mr. Brickman's letter to Mr. O'Brien follows:

"You will recall that sometime ago I submitted to the Village Planning Commission a tentative plat showing the then proposed development of some thirty acres of property within the village limits of Arlington Heights on a substantial part of which my organization plans to build a group of modern new homes.

"At that time there was some uncertainty about precisely where the proposed Kingery Expressway would be situated with respect to this particular piece of property.

"Our engineering firm, the firm of Consoer and Townsend, was commissioned by me to ascertain as definitely as possible the proposed route of the road in this connection.

"Consoer and Townsend were able to learn definitely from state and county highway authorities that the route is planned in such a way as to cross my property in a northeasterly direction, thus making some ten to twelve acres of it subject to condemnation for the expressway.

"I am sure you will be glad to know that, in light of this information, I have had a meeting with Mr. Hugo Stark, chief engineer of the Cook County Highway Department, to assure him of the complete cooperation of my organization in relation to the construction of this expressway.

"It is our present plan to submit to your group at the earliest possible date a new plat of the property which we have already commissioned Consoer and Townsend to prepare. This revised plat will, of course, provide for the construction of the new homes in areas other than the proposed right-of-way of the expressway.

"We have the assurance of the County Highway Department that this planning meets with their complete approval. We trust that all matters in this connection may now proceed to the complete satisfaction of all of us concerned."

Knights Of Columbus Attend First Annual Memorial Mass

Over 100 members of Father Linden council 3627, Knights of Columbus, residents of Des Plaines, Mount Prospect and Arlington Heights, attended the first annual memorial mass and received holy communion at St. Mary church, Des Plaines, Sunday, May 23. Celebrant of the mass was the council's chaplain, Rev. Richard J. Maginot. Rev. Patrick A. Bird, pastor of St Mary parish, gave the sermon and assisted during the mass.

A parade preceded the mass, headed by a color guard and drill team of the council, comprised of members of the fourth degree, all in formal regalia.

After mass, the color guard and drill team assembled for photographs. Breakfast was served at Des Plaines VFW hall with Rev. J. J. O'Callahan, vice president of Loyola university, as guest speaker.

Fraternal activities chairman Henry O'Neal and Joseph T Gibbons, both of Des Plaines, were in charge of arrangements. (AM

Heights Man Hurt In Truck-Jeep Accident

Arthur Gieseke, 134 N. Northwest hwy., Arlington Heights, was injured Friday when his truck collided with a jeep at State and Palatine rds., just north of Arlington Heights.

Gieseke was taken to St. Francis hospital where he was treated for a sprained neck and cuts on his hands. He was released from the hospital Saturday, but is still under doctor's care and will have x-rays of his back taken to ascertain the extent of a back injury also sustained in the accident.

* * *

GIESEKE TOLD Cook county highway police, who investigated the accident, he was driving south on State rd., when he noticed a jeep, driven by Ira Lynn Breham, 34, of Des Plaines, going west on Palatine rd., fail to stop for the stop sign. He was unable to stop his truck in time to avoid a collision. The truck overturned following the impact.

Breham told police he came to a stop at the intersection, then proceeded across, but did not see the truck approaching.

Gieseke had just recovered from injuries received in another accident a year ago.

A basement foundation and four mail boxes were damaged early Saturday morning when an auto driven by Andrew Lenski, Wilke and Hawthorne aves., Arlington Heights, hit a bump on Wilke rd. and went out of control. Lenski, who was traveling south on Wilke rd., when the accident occurred, was issued a ticket by the Arlington police for the property damage.

Police Officer Fred Mueller had to break into the Arlington Heights A&P store Sunday afternoon to release Donald Kreher, 16, of Fox River Grove, who was injured while stocking shelves in the store. A couple of cases of pop fell to the floor and one bottle exploded and cut Donald's left hand and fingers.

* * *

DONALD and another boy had been locked in the store to stack shelves and the manager, who had the key, could not be located. He was taken to Dr. Norbert Leckband for first aid.

Several other auto accidents occurred in the village the past week but all involved property damage only.

A total of 19 cases were tried in traffic court Monday night and $147 in fines were collected. One case involved Pedro Garcia, an itinerant worker, who had hired a local taxi cab to take him home and then refused to pay the driver the $5.50 fare. He was held in jail until the fare and court fee, totaling $13, was paid.

Rolling Meadows Unit 4 Approved With School And Church Dedication

Arlington Heights Plan Commission has approved Unit No. 4 of Rolling Meadows. Included therein is a dedication of Lot K to Palatine elementary school. A part of Lot H will be dedicated for a community church, now being formed.

The proposed shopping center is also in this unit and lies immediately south of the school dedication. If the Catholic organization does not accept Lot J for a Catholic church and school, part of it will be placed into lots and the remainder added to the school dedication or dedicated for park purposes.

The commission is opposed to restoring for lot use the small parks in Westgate that was originally platted for such use, unless a substitute area is provided.

The commission was assured that Mr. Brickman would present a revised plat of his subdivision which would provide for the right-of-way of the Kingery Expressway.

OBITUARIES

George Balmes

Requiem mass was said at 10 a.m. May 22 at St. Norbert church, Northbrook for George Balmes, prominent Northbrook citizen who died May 19 after a heart attack. Services were conducted by Father Charles Haefner, former pastor of St. Norbert church. Interment, St Mary's cemetery, Techny.

An active member of the church, Mr. Balmes was a member of the Holy Name society and helped build the parish house, gym and church. He was president of the Northbrook State bank and a member of George William Benjamin legion post.

Surviviing are his wife, Lucie, his daughters, Sister Mary Hiltrude, Sister Mary Germaine, Sister Miriam David, Sister Susan Marie and Sister Mary Seraphica, O.S.F., and his sons, George Jr., Michael and Francis Balmes.

IN MEMORIAM

In fond and loving memory of our dear son and brother, Austin B. Buncik, M. M. 3c, who gave his life for his country ten years ago, June 6, 1944.

The silent night is lonely and
There is no golden dawn
Because we must remember son,
That you are really gone;
We still remember in our hearts
The happiness we knew
The many pleasant times we had
When we went out with you.
There is no joy and happiness
In flowers that we plant,
And if we call your name we hear
The sound of emptiness.
We roam the house from room to room
We gaze beyond as far as we can see
But there is nothing we can do
To bring you back to our family.
We have to tell ourselves again
That you are really gone
And we can only ask the Lord
For strength to carry on.
But you're not alone in that grave o'er the sea
For there's where our hearts will always be.

Loving Father, Mother, Brothers and Sisters.

Re-elected To Board Of All American Casualty Co.

E. E. Ballard, Arlington Heights, president, and A. J. Schmidt, Mt. Prospect, secretary, of All American Casualty Co., were re-elected to the company's seven-member Board of Directors at its annual meeting of Shareholders held in Chicago on May 20.

They and other members of management's slate of nominees were elected by overwhelming majority following an unsuccessful attempt by a group known as the Volunteer Shareholders Committee to elect their representatives.

Mr. Ballard has led an active life in the insurance business as both salesman and executive for twenty-five years. He was named president of All American Casualty in March of this year, after having served as executive vice president and agency director since joining the firm early in 1952. He lives with his wife and two children at 407 Rockwell.

Schmidt has served in an administrative capacity in the life insurance business for over thirty years ,twenty-five of which were spent with the Alliance Life Insurance Company. He was executive vice president of that company from 1935 to 1949. Schmidt is a graduate of the Actuarial School of the University of Michigan and has been secretary of All American since its inception and a member of its executive, finance and claim committees.

All American Casualty Co. is the second largest casualty insurance concern in the world from the standpoint of invested capital engaged exclusively in the income disability field. Its home office is at 53 West Jackson Boulevard, Chicago.

Do not say, "I am anxious to meet him." Avoid the use of "anxious," unless there is an implication of real anxiety, as, "I am anxious about his safety." Say, "I am eager to meet him."

Need More Volunteers To Complete Cancer Drive

The Cancer Fund collections in Arlington Heights have been delayed for various reasons; rainy weather, storm windows, screens, yard and garden work and now sprinkling. The main reason has been the drive after drive for funds to which residents have been subjected.

* * *

IF THE CANCER FUND was not so important, the chairman would have thrown his hands up in despair. Sections of town in which collections have been made have responded so well that it seems most advisable to carry the good work on through the first week in June.

Volunteers have not been too plentiful, more are needed to finish the town. So far each volunteer has, for the most part, canvassed one block on each side of the street, about two hours, if visiting is kept to a minimum.

Last year's fund was $3,800. So far, $2,700 has been collected from about one-half of the residents.

The money is used principally for research hoping some one of the many working on it will find a cure. The American Cancer Society renders a great deal of aid and service to cancer patients. The discovery of definite relief for this most cruel disease will be the grandest of all discoveries.

* * *

ONE OUT OF every five living persons are affected by cancer. Contributions or help in collecting funds will be gratefully appreciated by all benefactors.

Anyone called to help is urged to respond in the affirmative. Interested persons may call Miss Florence Brehm at the Arlington Heights National Bank and say they will help, and material will be furnished.

The American Cancer Society thanks all workers who have completed their assignments and will appreciate at least one hundred more workers for two hours.

The time one spends may mean an extended and happy life to many.

Do not say, "You would have been delighted had you have gone." Omit the second "have."

Marian Johnson And William Schumann Wed

Immanuel Lutheran church, Palatine, was the scene of a double-ring ceremony Saturday, May 8 in, which Miss Marian Johnson, daughter of Mr. and Mrs. John T. Johnson, Palatine, became the bride of William E. Schumann, son of Mr. and Mrs. Henry A. Schumann, Mount Prospect.

Rev. Hilmar Th. Rosenberg officiated at the seven o'clock ceremony during which Walter Rueger, soloist, sang, "Because" and "The Lord's Prayer." Bouquets of snapdragons and stock decorated the altar and the pews were tied with white bows.

Given in marriage by her father, the bride wore a princess style gown fashioned with two layers of nylon tulle in the skirt with four tiers of nylon lace ruffles. The bodice of her gown was of lace with a V neckline and long sleeves. A headpiece of seed pearls held her fingertip veil in place and she carried a bouquet of white carnations with a white orchid center.

Miss Virginia Rogan served the bride as maid of honor and Mrs. Leona Johnson, Mrs. Joy Schumann and Mrs. Sharon Graf served as bridesmaids. All were gowned identically in white ballerina dresses with brief jackets. They wore headpieces of red and white carnations and carried round bouquets of the same flowers.

The bride's sister, Marjorie Johnson, served as flower girl wearing a gown similar to the bride's gown. She carried a basket of red and white carnations.

Best man to the groom was Ronald Knollmueller and ushers were Howell Schumann, Lester Johnson and James Theis.

Following the ceremony, a reception for 300 guests was held at Palatine American Legion home where the bride's mother received in a pink lace dress with pale blue accessories. Mrs. Schumann received in a frosty blue nylon dress with white accessories. Both mothers wore orchid corsages.

After a honeymoon trip to Wisconsin, the newly-wedded couple will reside on Wilmette rd. in Palatine.

L. Rosenquist Takes Elsie Liebert As Bride

Miss Elsie May Leibert, daughter of Andrew Leibert, Mount Prospect, became the bride of Lester Rosenquist, Elgin, son of Mr. and Mrs. H. Rosenquist, St. Paul, Minn., in a candlelight ceremony May 15 in Long Grove church, Prairie View. Rev. Paul Irion officiated at the 7:30 o'clock ceremony during which Mrs. Irion as organist, accompanied soloist Mrs. Crane who sang, "Because" and "I Love You Truly."

Bows of white satin and huckleberry decorated the pews and sprays of sunburst provided the background for the satin-bowed candles. The altar was decorated with a spray of gladioli and snapdragons.

The bride, given in marriage by her father, wore a full skirted gown of white net tulle over taffeta with train. Inserts of appliqued flowers were set in around the skirt and the fitted lace bodice over satin was made with an illusion neckline, lace-covered buttons down the back and long lace sleeves ending in points at the wrist. A fingertip veil of illusion net was held to her head with a crown studded with sequins and pearls. Her flowers were white carnations centered with pink rose buds and lilies of the valley. White net with satin was worked throughout the bouquet.

Maid of honor to the bride was her sister, Miss Marion Leibert who wore a net over taffeta gown in orchid fashioned with a fitted lace bodice and layers of net over the taffeta skirt. She carried a heart-shaped bouquet of yellow carnations centered with violets. Feathered carnations streamed from the bouquet and the ribbons matched her gown.

Bridesmaids were Mrs. Delores Brodeen, sister of the groom, Mrs. Marge Leibert, Mrs. Shirley Leibert and Mrs. Virginia Leibert, sisters-in-law of the bride. They wore gowns in shades of blue, lime green, pink and aqua made like the maid of honor's gown. They also carried heart-shaped bouquets of carnations and all attendants wore crocheted headpieces with rhinestones and lace mitts.

Rosemary Ann Leibert, niece of the bride, served as flower girl wearing yellow net over taffeta with a hooped skirt. She carried a bouquet of carnations with violets in a heart shape.

Irving Nelson served as best man to the groom and ushers were the bride's brothers, Kenneth, Orvel and Vernon Leibert and the groom's brother-in-law, Marvin Brodeen. Delmore Rosenquist lit the candles for the ceremony.

A reception for 300 guests was held at Mount Prospect VFW hall after which Mr. Rosenquist and his bride left for a week's honeymoon in Wisconsin. They are now at home at 24 N. Smith st., Palatine. —Bak Studio.

Miss Lawrentz Is Now Mrs. Warren Sessous

A wedding in which Miss Patricia Lawrentz, daughter of Richard L. Lawrentz, Northbrook, and Warren Sessous, son of Mr. and Mrs. John Sessous, Wheeling, were united in marriage, took place Saturday, May 22, at 4 o'clock at St. Peter Evangelical church, Northbrook.

For her marriage, the bride wore a lace net gown with train over white satin. A tiara of seed pearls and rhinestones held her fingertip veil in place and she carried a bouquet of orchids and carnations. She was given in marriage by her father.

Matron of honor to the bride was her sister, Mrs. Frank Meier of Milwaukee, who wore a gown of pink paper silk. Bridesmaids were Miss Helen Brehm and Miss Barbara Lindseth who wore green and lavendar silk gowns, respectively. All the attendants carried bouquets of pink carnations. Flower girl was 4-year-old Cheryl Sessous, cousin of the groom, who wore a blue dress and carried a basket of mixed garden flowers. The bride's nephew, Michael Meier, 4, served as ring bearer.

Following the ceremony, dinner was served to the bridal party and the immediate family at Idle Inn, Wheeling. A reception for 300 guests was held at the Wheeling Amvet hall at 8 p.m.

Mr. Sessous and his bride will reside in an apartment on Sanders rd., Deerfield, following a honeymoon in Wisconsin.

Bernice Bleile Is Bride Of Wayne Schmuhl

White roses, snap dragons and carnations decorated St. John Evangelical and Reformed church, Arlington Heights, Saturday, May 22, for the marriage of Miss Bernice Martha Bleile, daughter of Mr. and Mrs. William Bleile, Arlington Heights, to Wayne E. Schmuhl, son of Mr. and Mrs. Arthur Schmuhl Sr., Chicago. Rev. Gerhard Meiners officiated at the 7:30 o'clock ceremony during which Mr. Bleile gave his daughter in marriage.

Soloist Robert Langguth sang, "I Love You Truly" and "The Lord's Prayer" with Fred W. Buehler serving as organist.

White nylon tulle over taffeta was selected by the bride for her wedding gown. Fashioned with illusion net yoke and short sleeves, the full skirt of the gown ended in a long train. She wore a finger tip veil held in place with a crown headpiece and she carried a prayer book with a white orchid and stephanotis.

Irene Bleile served as maid of honor to the bride wearing a lilac rice paper gown with nylon pleats set in the sides of the full skirt. The bodice of her gown was strapless and she wore a small matching jacket. Nile green rice paper gowns were worn by bridesmaids Shirley Stade and Mary Lou McCall. All attendants carried bouquets of lilacs and wore sprays of lilacs in their hair.

William Schoenheider Jr. served as best man to the groom and ushers were Tom Meyer, cousin of the bride, and Jim Schuman.

For her daughter's wedding, Mrs. Bleile wore a greyed-blue chiffon dress with navy accessories and a corsage of pink roses.

A reception for 350 guests was held at Elk Grove school. Among the out-of- town guests were the groom's brother and family, Mr. and Mrs. Arthur Schmuhl, and their daughter, Karen, of Portsmouth, Ohio.

Mr. Schmuhl and his bride are residing at 34 S. State rd. and will go on a belated honeymoon trip in August.

Favorites For Flavor

The name of the recipe we are featuring this week aptly describes the appealing dessert itself—Strawberry Sunshine Delight

This elegant dessert, made from an old family recipe, is being shared with us by Mrs. Kenneth Machacek of Arlington Heights.

With the strawberry season at hand, you'll want to try it with luscious, fresh berries, but frozen berries can be used with equally satisfactory results.

A high, light and delicately textured seven-egg sunshine cake is prepared first. When cool, it is cut in two layers and frosted with a mixture of strawberries and whipping cream which has been sweetened with powdered sugar.

The heighth of this cake will amaze you, and the eating of it will be sheer delight.

The Macheceks live at 355 Newbury in Arlington Heights. They have one son, Kenny, who is 4½ years old.

Strawberry Sunshine Delight

7 egg yolks
½ cup cold water
1¼ cups sugar
1 teaspoon vanilla
1½ cups sifted cake flour
¼ teaspoon salt
7 egg whites
1½ teaspoons cream of tartar

Beat egg yolks until thick and lemon-colored. Add water and continue beating until very thick. Gradually add sugar, then extract. Fold in flour, sifted with salt, a little at a time.

Beat egg whites until foamy; add cream of tartar and beat until they form moist, glossy peaks. Fold into egg yolk mixture.

Bake in 10-inch ungreased, angel cake tin in slow oven, 325 degrees, for one hour. Invert pan to cool.

When cool, cut in two layers. Frost with one pint crushed strawberries folded into one-half pint whipped whipping cream to which one heaping tablespoon of powdered sugar has been added. Frost about one hour before serving and place in refrigerator. Serves 12 to 18

Mary Weidner Marries Lawrence Schuetz

Four attendants in a rainbow of colors, preceded Miss Esther Weidner down the aisle of St. Mary's church, Buffalo Grove, when she became the bride of Lawrence Schuetz Saturday, May 22 in a 10 o'clock ceremony.

The bride is the daughter of Mr. and Mrs. Bernard A. Weidner, Palatine, and the groom is the son of Mrs. Lona Schuetz and the late Peter J. Schuetz, Prairie View.

Sisters of St. Mary church sang "Ave Maria" and "On This Day O Beautiful Mother" amid a setting of gladioli, snap dragons and carnations. Father Ballweber officiated at the ceremony.

The bride, given in marriage by her father, wore a bouffant gown of embroidered nylon tulle over satin fashioned with peter pan collar and full cathedral train. Her veil was of pleated tulle, finger-tip length, and held in place with a juliette cap with pearl trim.

Miss Lorraine Weidner, sister of the bride, served as maid of honor and bridesmaids were Miss Mary Jane Weidner, a friend of the bride, Miss Eileen Weidner, the bride's sister, and Diane Hertel, niece of the bride as flower girl. All wore bouffant full length gowns fashioned identically of nylon tulle with embroidered motif in colors of yellow, orchid, nile green and blue. They carried bouquets of crescent orchids.

Jerome Schuetz served as the groom's best man and ushers were Eugene Weidner, brother of the bride, Harold Dahn, cousin of the groom and Roy Schuetz, nephew of the groom, as ring bearer.

One hundred-fifty guests attended the bridal dinner and 500 guests the reception held at Buffalo Grove school hall. Mrs. Weidner received in a blue-grey taffeta dress with matching accessories and Mrs. Schuetz in a navy blue crepe dress with matching accessories. Both mothers wore orchid corsages to complement their dresses.

The newly-wedded couple will be at home after June 5 in Buffalo Grove following a wedding trip in southeastern states

Thelma Renden Weds A. Fassbender Jr.

St. Luke Lutheran church, Park Ridge, was the scene of a wedding May 8 in which Miss Thelma Renden, daughter of Mr. and Mrs. Martin Renden, Chicago, became the bride of Arthur Fassbender Jr., son of Mr. and Mrs. Arthur A. Fassbender Sr., Des Plaines. Rev. Alvin E. Fess officiated at the 7:30 o'clock ceremony. Mrs. Bruce Fess and George Nelson Sr. sang nuptial selections accompanied by Mrs. Louis Johannsen at the organ. The church was decorated with baskets of white flowers and candles were tied on the pews.

The bride, given in marriage by her father, wore a gown of nylon tulle over a satin skirt entrain and lace bodice over satin with short sleeves and stand-up collar. Her fingertip veil and blusher were attached to a cap of lace trimmed with seed pearls. She carried a bouquet of Amazon lilies and stephanotis.

Mrs. Dean Henry, attending as matron of honor, was gowned in a pale pink strapless gown of crystalette with a tiny jacket and veiled headpiece of the same material as her dress. The bridesmaids, dressed the same as the matron of honor, were the Misses Shirley Jacobson, Carolyn Pratt and Dolores Larsen. Pamela Ruth Weeks, wearing a pale blue net dress over taffeta, served as flower girl. She carried a bouquet of split carnations and pink rosebuds.

Raymond Rierson was best man and Edwin Wahlquist, Everett Hill and Dean Henry acted as ushers.

Mrs. Renden was gowned in beige cotton lace trimmed with rhinestones and pink accessories. Mrs. Fassbender wore a grey silk dress trimmed with rhinestones and pale blue accessories. Both mothers had white orchid corsages to complement their ensembles.

The reception was held in the church parlors and later at the Fassbender home. Following a honeymoon in Wisconsin, the couple is now at home at 7283 W. Clarence ave., Chicago.

The bride was graduated from Taft high school and Moser business college and is employed by Aetna Insurance co., Park Ridge. The bridegroom was graduated from Highland Park high school and Northwestern university and is owner of Fassbender hardware.

Newly-elected officers of St. Catherine's guild of St. John's Episcopal church, Mount Prospect, were inducted at a corporate communion service May 19. Left to right, new officers are Mrs. James E. Good, treasurer; Mrs. Walter L. Connell, secretary; Mrs. F. Walter Weiser, vice-president and Mrs. John L. Shaw, president. All are residents of Arlington Heights. A coffee hour and brief business meeting in the home of Mrs. Robert E. Rohner, followed the service. Representatives to the Federated Woman's auxiliary of St. John's are Mrs. Charles E. Black and Mrs. Ralph Fitz Simons. —Community Camera.

Shoppers are asked to come early for the best selection of home made pies, cakes and cookies.

Presenting The Younger Generation

Little Cowgirl

Playing cowgirl, dressed in her cowgirl outfit complete with guns, is a favorite activity of Mary Ellen Raun, daughter of Mr. and Mrs. James Raun of 144 S. Rohlwing rd., Palatine.

Light brown hair and brown eyes describe this youngster's coloring. She will be four years old June 14.

Mary Ellen is somewhat of a tomboy, loves to be outdoors and enjoys riding her tricycle. Indoors she has fun coloring and cutting out things with scissors. She likes to watch TV and play her little piano. This little miss has a favorite doll named Cindy.

Mary Ellen likes to play with her older sister, Leslie Ann, who is 7½ years old. Both girls are looking forwad to spending three weeks in Minneapolis, Minn., this summer visiting their grandparents, Dr. and Mrs. James J. Raun and Mr. and Mrs. E. L. Lawson.

Three Boys

The three young lads pictured next are Chester, Gary and Wayne Salzmann, sons of Mr. and Mrs. Alex Salzmann of 1650 N. Evergreen, Arlington Heights.

Seven-year-old Chester has light brown hair and brown eyes. He is in first grade at St. James school.

This youngster likes to play with his electric train and has fun outdoors playing with his dump truck, road grader, loader, etc. He enjoys riding his two-wheeler bike, playing baseball and climbing trees.

Blond-haired, brown-eyed Gary is two years old. He is an outdoor boy and loves to play in his sand box with his cars, trucks and other mechanical toys. Gary also likes to climb trees, ride his tricycle and play ball with his older brothers.

Five-year-old Wayne has blond hair and blue eyes. This youngster is interested in people, likes to get acquainted with everyone and enjoys talking to the policeman who directs traffic near the school.

Wayne has fun riding his tricycle and is learning how to ride his big brother's two-wheeler. Indoors he likes to look at books and color, and his favorite toy is a red fire engine.

All three boys like to swim at the lake in the wading pool in their yard during the summer.

Grandparents are Mrs. Mary Ashbeck of Blenker, Wis., and Ben Salzmann of Wisconsin Rapids, Wis.

Mischievous Tot

The little toddler pictured last is Mark Steven Toussaint, son of Mr. and Mrs. Eugene Toussaint of 32 N. Elmwood, Palatine.

Blond hair and blue eyes describes Mark's coloring. He is 1½ years old.

Mark is at the age where he gets into everything, and he likes to climb and to take things apart. He has fun playing with his toy cars and he likes his Daddy's tools.

This young lad enjoys being outdoors playing in his sandbox, and he likes to play ball with his older brothers, Tom 12, Jack, 11, and Eugene, 5.

Birthday Greetings

Birthday greetings to Susan Wenzel, who was two years old last Thursday.

Mrs. Anne Wickman from Bell Aire, Texas, is planning on visiting for a while longer with her daughter, Mrs. Moritz of William st.

Mr. and Mrs. Liessman of Wilke rd. celebrated their thirty-third wedding anniversary Wednesday, May 19. Guests were Mr. and Mrs. Moran, Mr. and Mrs. Leo Miller, Mr. and Mrs. Bush, Mr. and Mrs. Sonneker and Mr. and Mrs. Bloshinsky.

Sunday, the Liessmans drove to Culver academy. Their grandson is planning on attending the academy this summer.

The regular meeting of the Arlington Crest Civic association was held Wednesday evening, May 19. The committee for the picnic was chosen and plans will soon be under way.

The card party sponsored by the Civic association was a big success. Everyone enjoyed meeting new neighbors as well as renewing acquaintances with the old ones. The annual summer picnic and fall dance are planned for the future.

If you have any news, please call CLearbrook 3-9521.

Piano Students In Examination At Kimball Hall

Ethel Wilson Currier presented 24 piano students from her home studio in Arlington Heights and from Carter music studio, Mount Prospect, where she is a faculty member, in an examination held at Kimball hall Saturday. These examinations are held annually by the Chicago chapter of International Piano Teacher's association.

Students who participated were Deborah Holloway, Linda Black, Linda Burke, Pamela Barr, Judith Oleson, Evelyn Metz, Sherrie Long, Pamela Rasmus, Patty Schreiner, Kathy Baker, Susan Keller, Tommy Busse, Kathy Keller, Jim Froemling, Kathy Wessling, Beverly Winkler, Lynn Weber, Jean Atwood, Deanna Warejcka, Kathy Haynsworth, Jim Hansen, Claudia Hansen, Judy Duff and Mary Jo Utt.

YMCA Koy Club to Hold 'June Whirl'

Plans are well under way for the "June Whirl" sponsored by the Northwest Suburban YMCA Koy club. It will be an informal community dance held June 19, at the Arlington Heights field house from 8:30 p.m. to 12 midnight.

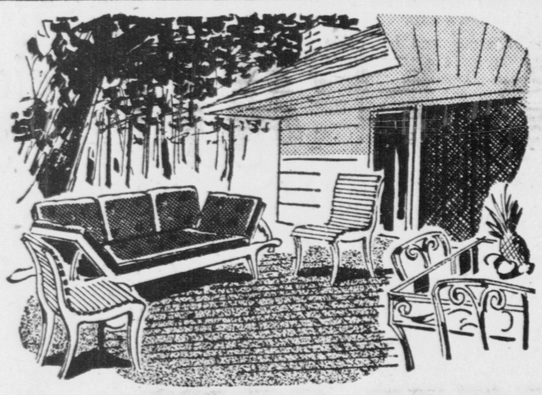

Ed Manczak and his orchestra will provide the music. Tickets can be purchased from members or at the door for $1 per person.

This is the first major undertaking of this club since its recent organization but members feel that since this is the first all community dance of its kind it should prove to be popular with everyone.

One of the club's projects since its founding was entertaining the children at the Lake Bluff Orphanage in the form of an Easter Egg Hunt at Easter time which went over big with both the youngsters as well as the club members.

YOU... and YOUR HOME

By MARY E. BRASSELL

YOUR PLACE IN THE SUN

Any day now you may find a pair of brave young robins building their first nest under your eaves. That will mean one thing for sure: summer is on its way . . . and it's time for all of us to get our homes and gardens ready so we can enjoy a full measure of its splendor — the long sunlit days, the mellow evenings, and lazy carefree weekends.

When you plan your setting for outdoor living — backyard picnics, snacks around the pool, tea or dinner in the patio — give the furniture arrangement the same careful consideration that you would give to an indoor grouping. Don't be haphazard about it. Plan your seating units to take advantage of the best possible view. Then arrange the group for comfort, accessibility and easy conversation.

The attractive garden setting sketched above takes advantage of the sheltering shade tree pocketed in the brick floor. The chaise has wheels and handles for easy moving . . . is long enough for reclining comfortably. Plastic covers are waterproof. Graceful lines of chair add a restful note. Wrought iron table-and-chair group may be moved indoors when the air gets nippy again to grace a dinette, dining room or sunporch.

We are proud of the Summer furniture we have to offer you. Many pieces are collapsible for easy storage. We've searched and searched to find the best. Sturdy, attractive pieces . . . many of them designed to blend with your indoor furniture. Do come in while stocks are complete. You won't be sorry.

by HELENE BRISTOL

As you can plainly see the name at the top of this column is new. Pat Katkus, the pretty blonde daughter of Mr. and Mrs. Joseph Katkus of Campbell Street, who was your former Rolling Meadows reporter, has found it necessary to give up the column.

Pat has started an important new job as a dental assistant and will be attending night school to further train herself for her new duties. Because of this, unfortunately, she will not have the time necessary to continue writing the column. I'm sure we will all miss Pat's reporting and wish her the very best of luck in her new endeavors.

I suppose the proper thing to do before going much farther with this writing is to introduce myself. My name is Helene Bristol and I live with my husband Bob at 2104 South Street. I work for the Bastian-Blessing Company in Chicago during the day, but I would be very glad to have anyone call me at Clearbrook 3-8125 in the evening with any news items, or, better yet, by all means drop in to see me—the coffee pot is always on.

I was lucky enough to be elected as one of the directors of your Rolling Meadows Home Owners' association, and truthfully, I think Rolling Meadows is wonderful! As with everything, though, the success of the whole depends on the cooperation of the individual — and that particularly goes for YOUR news column on Rolling Meadows. If you have any news by all means let me know about it and I will gladly do anything I can to print the news that is given to me in this column.

That's enough about me—Now for some news of Rolling Meadows!

Several important out-of-town visitors were here in Rolling Meadows recently. Mr. and Mrs. Robert Jacobson of 2901 Wilke Road have had Mrs. Jacobson, Bob's mother, visiting them from Duluth, Minn. Willie Jacobson, who is only three years old, is really looking forward to having his grandmother take care of him while his mother makes a visit to the hospital to arrange for the family's new baby. Needless to say, Mrs. Jacobson Sr. is pleased with the prospect of a visit with her grandson and new grandchild-to-be.

The Don Dahlquists of 2506 Sigwalt Street just said a reluctant goodbye recently to Mrs. Dahlquist's grandmother, Mrs. Olson of Paoli, Pa. Mrs. Olson visited the Dahlquist family for the entire month of April during which time she celebrated her 86th birthday. Not only did the Dahlquists celebrate Mrs. Olson's birthday, however, but also that of Mrs. Dahlquist's father, Mrs. Dahlquist herself and Diane Dahlquist who was only 3 years old. Naturally, Diane's great-grandmother was her most enthusiastic birthday-party celebrant.

Mr. and Mrs. Wing Groves also entertained out-of-town guests. Mr. Groves father and mother, Master Sqt. and Mrs. Herman J. Groves, managed a short stay with their son's family before reporting to an overseas assignment in the Philippine Islands. Wing is pretty proud of his father who has served his country in the service both long and well. His father served overseas in World War I and received a battlefield commission. He again volunteered for duty in World War II because he felt that he should join his two sons who were in the Army and Navy. During the war, when a choice had to be made between overseas duty and a commission he chose the overseas duty and served throughout the European campaign including the Battle of the Bulge. Since that time he has been overseas in Japan and is now going overseas again. You can see now why Wing's chest expands when you mention his Dad.

Several important meetings have been held by the Rolling Meadows Home Owners' Association Board of Directors. On May 12 the newly-elected officers and directors were installed at a special meeting held in the recreation building of the Rolling Meadows Grammar school. Mrs. Jean Bennett of Campbell Street was first sworn into her office as secretary of the Association by the acting chairman, and she then in turn swore in the newly-elected President Wing Groves, vice presidnet Pete Keller and treasurer Al Piekarski, after which the 11 directors were sworn in as a group.

At a special meeting held on May 18 the officers and directors of the Association met with Kimball Hill, the builder of Rolling Meadows, and Benjamin Lewis, the president of the Arlington Water company which supplies the water to Rolling Meadows. A general discussion on the water situation and water rates in Rolling Meadows was held. It was agreed that the water rates were to be subject to revision downward pending a further study and experience of usage in the area.

A meeting of all women interested in the Rolling Meadows Community Church is to be held on Thursday, May 27, at 7:30 p.m. in the recreation building of the Rolling Meadows Grammar school on Campbell Street. This meeting is for the purpose of discussing various problems which have arisen including a child-care arrangement to free parents to attend church services. Coffee and cake will be served and all women interested in the Community Church are invited to attend.

The Panther Patrol of Boy Scout Troop 69 of Palatine which is composed of boys from Rolling Meadows has just returned from their annual Spring Camporee at Deer Grove. The patrol which was formed just recently qualified for a White Ribbon for proficiency at the Camporee. Members of the patrol include Terry Loveless, Steve Walker, Wayne Wilkins, Kenny Keller, Willie Klouthis, and Dan Hase. The boys all qualified for their Tenderfoot awards at a special Court of Honor held May 16—quite an accomplishment for such a new group of Boy Scouts!

Several birthdays have been celebrated recently in Rolling Meadows. Mrs. Robert Zimmanck of 2301 George Street celebrated her recent birthday by entertaining a group of relatives and friends last Sunday. Among those present were Mr. and Mrs. Bereinger and family of Mount Prospect, Mr. and Mrs. Beutler of Chicago and Mr. and Mrs. J. Berlinger, her parents, of Chicago.

Mr. John Macior of 2906 Dove street is celebrating his birthday Thursday, May 27. Mr. Macior's celebration is to be an exceptionally happy one since Mrs. Macior just returned from a stay in the hospital a week ago and will be able to be with her husband for the event.

Larry Vaughan, the son of Mr. and Mrs. Ray Vaughan, of 2200 South Street, was host to eight of his first-grade schoolmates from the Rolling Meadows Grammar school at his seventh birthday party on May 25. Among those present to help him celebrate with cake and ice cream were Jimmy Brettner, Bobby Keller, Gary Burlette and Gary Golz.

Speed limits have been set for the various streets in Rolling Meadows to protect our children. After considerable study it has been decided to set the speed limits at 20 mph on Campbell street and 15 mph on every other street in Rolling Meadows. The speed limit signs have been ordered by the township commissioner and will be erected as soon as possible. Grave concern has been expressed by many, many residents over the tendency of speeding in Rolling Meadows, particularly since there are so many small children in the area. In an effort to protect the children by curbing speeding, candidates are being chosen to be Deputy Sheriffs in Rolling Meadows. These men will be on hand to take care of any emergency which may arise, but will mainly be concerned with urging the cooperation of speeders in driving sensibly.

Fred Schultz who is in charge of the Civic Committee of the Home Owners' association is interested in finding someone to act as Deputy Sheriff who will be available for responsibility from 9 a.m. to 4 p.m. If anyone in Rolling Meadows can assist in this undertaking by making himself available at that time Fred Schultz would appreciate a call at Clearbrook 3-8624. And, remember the new speed limits—Let's all do everything we can to protect our children from accidents!

George Kitterman of South street has been appointd the manager of the softball team of the Illinois agricultural association. Mr. Kitterman was also recently elected president of the Insurance softball league of Chicago.

Mr. and Mrs. Dan Maquire of Campbell street were recent contestants on the "Beat The Clock" television show. The Maguires who had made the trip to New York to attend the wedding of Mr. Maguire's brother (for whom he was best man) decided to attend the show on the spur of the moment. That quick decision was a fortunate choice since they won a Speed Queen Ironer. Almost as exciting as winning their prize was their appearance on television on a nation-wide show—something that doesn't happen to many people!

A "Gutter-Raising Party" was held recently for Pat Adduci of 2803 Wilke Road. Pat has been a little "under-the-weather" recently and was unable to erect his gutters which he had purchased. A group of his neighbors pitched in and held a "gutter raising". They were Bob Reynolds, Pete Keller, Bob Jacobson and Bob Pina all of Wilke Road. Two sidewalk superintendents helped Pat supervise the job—Charlie Martin and Frank Messina, also of Wilke Road. The workers claim they were more closely supervised than any other work crew in Rolling Meadows, and with a ratio of three supervisors to four workers that is entirely possible.

Another party of a little different sort was held recently by Mrs. Richard Sterner of 2205 Campbell street. Mrs. Sterner was hostess at a home-demonstration party attended by many of her friends and neighbors. Among those present were Mrs. V. Kaseska, Mrs. G. Novak, Mrs. D. Maguire, Mrs. C. McCormick, Mrs. F. Birt, Mrs. W. Groves, Mrs. R. Bishop, Mrs. Sutton and Mrs. Ryerson, all of Campbell street.

Mr. and Mrs. Earl Huberty of 2604 South street are announcing the engagement of their daughter Deanne to Edward Duane Ellis of Muskegon, Michigan. Ellis is presently serving with the United States Navy and is stationed at Norfolk, Virginia.

Another serviceman has just returned to Rolling Meadows after a temporary assignment in Corpus Christi, Texas, for two months. Lt. Robert Pollard of 2809 Wilke Road has just returned to his home with his wife and daughter, Greer. While Lt. Pollard was on duty in Texas, Mrs. Pollard and Greer spent the time with Mrs. Pollard's family in Warrenburg, Mo. While it was nice to visit, the Pollard family is happy to be back with their friends and neighbors in Rolling Meadows.

Considerable enthusiasm over a Rolling Meadows softball league has been heard recently. A team from George street has already been formed who are willing to challenge any other teams formed in the area. Bob Zimmanck, Clearbrook 3-8665, and Bill Stegman, Clearbrook 3-8634, would be glad to hear from anyone who is interested in playing softball, forming a team or assisting with the operation of a softball league. They feel we can have a very good league of "young-old" men on teams representing the various streets or blocks in Rolling Meadows. Come on, fellows—let's get with it (Yea Team!).

That's all the news your reporter has heard for the week. If something important was omitted please bear with me—remember this was our first attempt at Rolling Meadows news reporting. If I've neglected anything remember I'd like very much to hear from you—Your Rolling Meadows column can only be as complete and as interesting as you help me make it. Thanks loads, and I'll be seeing you (via the newsprint) next week.

Want More TV

The children of Evanston spend 23 hours a week at the television set; when TV was in its infancy they spent 21 hours a week watching the screen.

Wilson Community

Bond Issue Passes

The bond issue passed with 142 yes votes for the addition and five no votes, 148 for the bond issue and three no votes, with a total of 158 votes, and six spoiled ones. As soon as the voting has been cleared by Chapman and Butler, the school board will take immediate steps to hire an architect and get the building started.

Class Day

May 21 was class day at Wilson school and the following awards were given: Safety patrol certificates of meritorious service to Bill Doering, Ronald Thompson, James Kingsley and Jon Coates. Two-year patrol bar to: Bill Doering, Ronald Thompson, Peter Steiger, Andrew Wallor, Kennis Graham and Tommy Graham. Patrol badge to: Ronnie Schwantz, Kenneth Durben and James Kingsley.

The Illinois pupil's reading circle diploma was presented to the following: Kenneth Durben, Ronald Schwantz, Ronald East, Ronald Christ, Patricia Dettman and Peter Steiger. The Illinois pupil's reading circle gold seals to: Randall Huebner, Alice Simmonds, Karen Best, Carl Brandon, Lynn Coates, Terry Fitzpatrick, Tommy Graham, John Kingsley, Wayne Koltweit, Robert Russow, Mayrene Schroeder, Karen Schwaller, Eileen Sundquist, Lianne Steiger, Bill Doering, June Schneider, Donna Schanmier, Carol Klehm, Judy Moran and Edward Natzke.

Selections sung by the seventh and eighth grade students closed the program.

Puppet Show

The entire student body enjoyed a puppet show presented by Mr. Carroll's third and fourth grades Friday. "Rumplestiltskin" was very skilfully performed by all the puppets and their helpers. The puppets were constructed by pupils, as were all the settings, costuming and scenery.

The class of 1954 was entertained by all the students of the seventh grade Thursday. Supper was served at the school, followed by games and dancing. A good time was had by all. The seventh graders were assisted by their room mother, Mrs. Alex Schanmier, and by Mr. and Mrs. Robert Parsons.

Tuesday, May 25, the graduates gave themselves a well deserved night out. After a buffet supper at the home of Mr. and Mrs. Parsons, they attended "New Faces" at the Teatro del Lago near Kenilworth.

The graduation class presented a beautiful globe, mounted on a walnut floor stand to the school, as their parting gift.

Graduation took place at the high school Wednesday evening, May 26.

The Community club will hold its regular monthly meeting on Friday, May 28 in the school basement. June 5, they will hold their monthly party for the community, and all are invited to attend. Time as usual will be 8 p.m. in the school house. Tickets are one sale for the Community club dance to be held at the Buffalo house in Buffalo Grove June 19. Plan to come out for a good time.

A surprise party was given for Mr. and Mrs. Richard Schwertfeger Saturday evening by neighbors and friends to celebrate their twenty-fifth wedding anniversary.

Referendum June 12

Last Friday's public meeting brought out some interested citizens who were eager to hear building details from the architect and builders, legal points from the lawyer, enrollment trends and need for more classrooms from the board president and principal. Many questions were asked and a summary of these including answers will be found elsewhere in this issue.

Field Trips

Mrs. Cashman's first graders enjoyed an outing to Indian Boundary park in Rogers Park last Wednesday. This fine park is located across from Mrs. Cashman's apartment and has a small zoo, lagoons and plenty of nice lawn on which to play and picnic.

Miss Fiddler's second grade had a sunny day to tour Brookfield zoo last Thursday. Everyone returned thrilled but tired.

Mrs. Grosche's fifth grade returned from their trip in a festive mood with hats and samples from the Cracker Jack company. In addition to that tour they visited Midway airport.

An extra trip was a picnic to Busse grove forest preserve by Mrs. Allison's room. A little car trouble didn't hamper their spirits or fun.

Three more groups are going this week. Mrs. King's sixth grade will see bread made in one place and candy in another. Mrs. Allison's room will head for the historical museum and wildlife museum nearby. Mrs. Walberg's fourth grade will visit the Natural History museum and aquarium across the boulevard.

Track Meet Change

Last week the Little Seven track meet was announced incorrectly—it should have read this Saturday at Arlington high at 9 a.m. Events will be shot put, high jump, broad jump, pole vault, two dashes and relay for A and B classes.

Orchard Place O.K.

Orchard Place school band played a concert to an appreciative Elk Grove audience last Thursday. This completed an exchange affair since Elk Grove played during the winter. Their band looked very sporty in their white shirts and yellow ties with a block treble clef imprinted on them. Their director, Lou Robinson, is a classmate of Mr. Dochterman and also familiar to Elk Grove musicians through his work at the Modern Music shop in Des Plaines.

June 6 Picnic

The first Sunday in June should be reserved for the all-school family picnic at Busse Grove forest preserve on Higgins Road west of Arlington Heights road. The first shelter south of Higgins will be the rendezvous point. Bring out the "grub" and sports equipment and have a good time. In case of rain the picnic will be postponed until a week later, June 13, and be held on the school grounds since it would be impossible to obtain another forest preserve permit.

Melody-Rhythm-Harmony

Elk Grove school band directed by Louis Dochterman played a special concert for their parents and friends Monday evening at school. All band members participated in a variety of well-known and popular pieces. Featured were Richard Glass and Bill Johnson on the trumpet, Dierra Krieder on the flute, and Eldon Krieder on the clarinet and Kenneth Anderson on the saxaphone. Guests from the Palatine Lutheran school also were featured.

Way To A Man's Heart

Mrs. Gwynn's upper grade girls have distinguished themselves in preparation of various parts of a meal. Their other teachers certainly appreciate being "guinea pigs" for these experiments because they always turn out to be tasty.

Final roller skating party of the season will be held May 31 from 1:30 to 4:30 at the Arlington Roller rink on Northwest highway in Arlington Heights. No other open dates have been available for exclusive sessions since the last roller party in early April. Since school will be out that afternoon and most of the fathers have a holiday, it should be a fine time to get the family out skating if they don't have other plans. As before, the admission will be 50c and the usual skate rental.

Final plans are being made for graduation June 7 at 8:00 in the school auditorium. L. J. Knoeppel, superintendent of their next school, Arlington Heights high school will address the group and the Rev. Wobbe of Des Plaines will give the invocation. Board of Education president Harry Wille will present diplomas to the 19 graduates. Mrs. Gwynn has been very busy working out all the plans.

Forest View school and their branch at the Arlington airport will hold graduation exercises in Elk Grove school's auditorium for 15 graduates next Tuesday.

Since only the day of a holiday counts as a school holiday the day after Memorial Day must either have school in session a part of the day or else extend school an extra day at the end to make up for skipping it. Since the end of school has been repeatedly announced as noon on June 9, it is not proposed to change that date. A complication developed in bus service on May 31 so that all bus riders will be picked up entirely differently that day as will be announced to these pupils. As many as find it convenient should get a ride or walk since there will be fewer bus trips that day. Tuesday everything will go back to normal.

Noreen Dalton had a birthday Wednesday.

Mike Hightower went to Mickey Adams' birthday party May 22.

Dennis Preuter, his father and grandfather went to the ballgame last Saturday.

Marvin Zuege played his Hawaiian guitar at the spring concert at Elmhurst high school.

Forest View Plans Health Program

The Health committee met with Miss Means and Miss Tesch of the Cook County Health Dept. Wednesday May 19 at 9:30 a.m. at the school to lay plans for the coming school year. Parents will be notified of the health program schedule in the fall. The members of the health committee are Mrs. Westberg, Mrs. Luczak and Mrs. Koepke.

Blanks for physical examinations will be mailed to parents of first and fifth graders, who will be required to have their physicals and immunization shots completed by the opening of school. Those who have not returned their dental cards must also have them in at that time. Anyone desiring blanks or information call Mrs. Westberg at Clearbrook 3-0800.

Mrs. Arthur R. Hanson VA. 4-4788

Feehanville School

Feehanville PTA held their last meeting of the season last week Tuesday. An impressive installation ceremony was held, and the new officers installed. All the officers wore beautiful corsages made up of lovely chrysanthemum daisies. Mrs. Jack Dobbratz introduced the installing officer, Mrs. Paul Kleeman. Mrs. Kleeman then installed Mrs. C. W. Flink as president, Mrs. Kenneth Karnuth as vice-president, Mrs. E. Brookhouzen as secretary, and Mrs. E. Mueller as treasurer. Mrs. E. Mueller accepted the past president's pin with a gracious word of thanks, and she has now joined the ranks of the other hard-working presidents of past years. Mrs. Mueller made a short speech as she presented the gavel to Mrs. C. W. Flink, and Mrs. Flink also made a short acceptance speech as she received the gavel.

We are to be congratulated in that we again have four capable, conscientious women as officers, and we know that we will have another interesting year of progress.

Miss Idyl Nipper, our delegate to the convention, gave a full and detailed report of the important events that happened while she was in Springfield and also turned in a written report to the secretary to be placed in the files.

Mrs. Cavett, our upper grades teacher, reported on a meeting she had with Miss Means, our district nurse. In Miss Means' opinion, one of the most important phases of the most important phases of the health program is the weights and heights record of the children. The PTA passed the motion to purchase a weights and heights scale to be presented to the school in the fall.

Committee chairmen for the following year were announced, and they are as follows: Mrs. E. Mueller, chairman of the budget committee; Mrs. Roberta Phar, chairman of the ways and means committee; Mrs. Marguerite Broberg, chairman of hospitality and refreshment committee; Mrs. Jean Kramer, chairman of the child health conference; Miss Idyl Nipper, chairman of the membership committee; Mrs. Dorothy Karnuth, chairman of the health committee; Mrs. Inez Hanson, publicity chairman.

Mrs. Jack Dobbratz introduced the program for the evening, a movie of the Railroad fair, presented by Mr. Karnuth.

Fun Fair is over for this year, and was successful beyond all expectations. Many, many thanks to all you wonderful people who gave so generously of your time, effort, ability and things to make this such a huge success. And many, many thanks to all you wonderful people who came out and spent so freely, without you this could not have been such a huge success. The Fun Fair committee, headed by Mrs. Roberta Phar, deserves special mention for the planning and preparation of this project, and the children, especially, feel that the Karnuths deserve special mention for arranging for and obtaining the ever-thrilling ponies. This whole affair was truly a co-operative project, as men, women and children all helped, and many who came to patronize the booths, stayed to help staff the booths.

The cook-out of the North Neighborhood adult scouts, took place last Thursday at the Scouthouse. Mrs. Eve Anderson, Mrs. Mae Schmitz, Mrs. Dorothy Karnuth, Mrs. Marguerite Broberg and Mrs. Inez Hanson all attended from here. They all enjoyed the cook-out and the ceremony planned for the evening. Mrs. Broberg was appointed registrar for the entire North Neighborhood and will be taking the training so she can serve efficiently.

Itermediate Girl Scout troop held their meeting last Thursday in the forest preserves, Lake Street West. Final requirements for the badges were the all absorbing topic at the meeting, as the final meeting will be next week and all the girls want to be able to receive their badges. Mrs. Karnuth and her son and Mrs. Broberg were guests of the troop, and all present enjoyed the refreshments, the ever-popular Scouts' delight.

Upper classes at Feehanville will be having their end-of-term treat in the form of a trip to the Aquarium and the Museum of Natural History. The lower grades elected to have a picnic again this year and will be at the forest preserves, Lake Street West.

Our students who are attending the sixth grade at Prospect Heights, had a trip in to several of the museums in Chicago last Friday, ending up with the Museum of Science and Industry.

Last day of school for the Feehanville grade school students will be June 3. Registration for next year's students will be held the day after school is dismissed, June 4. Both teachers will be here to register the students. The number of books to be ordered for next year will be based on the results of this registration, so it is important to have as complete a list as possible of next year's students.

School board has decided to handle the books on a rental basis next year. On the last day of school the students will receive a credit slip for their books, which will be presented in the fall to apply on the rental of books, and purchase of work-books. This program has been worked out very successfully in other schools in this area, and the school board feels it should be very satisfactory in our own district.

Board Ho'ds Adjourned Meeting To Transact Unfinished Business

Several sewers in Arlington Heights are badly in need of rodding and the village board went on record Tuesday night to have the work done. The work will be started in the near future.

Dr. Carlson, a dentist who has purchased a home on S. Vail ave., appeared before the board to see if it would be permissible to erect a building on the southwest corner of State and Park streets, which would be used as a dental clinic and medical building. The area is zoned residential and that type of building would be considered commercial.

The board suggested he get a petition signed by adjacent residents to see if they would object to rezoning the corner for that purpose. The building he proposes to build looks much like a modern residential home and some off street parking could be provided at the rear of the building. The matter would then have to go before the zoning board of appeals.

A recommendation to approve Unit II of Arlington Greens subdivision was submitted to the board by the planning commission and the board concurred on the recommendation.

Westgate subdivision asked to have a plot of land originally dedicated for park purposes reduced to a smaller size but the planning commission recommended that the request be denied. The board again concurred on the matter.

Several ordinances had their first reading at the meeting. One asked that the membership of the planning commission be increased from 10 to 12 members plus the chairman of the group. Another provided for the use of mechanical joints for all new water mains installed in the village.

Meet Arlington Heights Businessmen

Members of the Arlington Heights Chamber of Commerce

VERNON R. HAGENBRING

Vernon R. Hagenbring, proprietor of Hagenbring's could be called a "chip off the old block." But his dad, Henry Hagenbring, who opened his Arlington Heights store in 1922 and introduced Vernon to the business, is a bit flabbergasted over the expansion ideas of his son, who took over the store in 1945. The store had its real beginning in Arlington Heights at 19 W. Campbell. It moved to its present quarters in 1926. First store expansion was in 1938 when it took over the Vail st. addition and next September it will take over the quarters now used by the beauty shop.

Vernon is an independent merchant. He attributes his success in his policy of buying what the people want. "We are becoming more and more a dry goods store," says Vernon. One entire section of the store is devoted to that line. "We should not be classed as a ten cent store," says Hagenbring. "We outgrew that classification a long time ago."

We doubt if any Arlington Heights business man get more enjoyment out of his vacations than do Mr. and Mrs. Hagenbring. Mrs. Hagenbring takes as much interest in the store as does her husband, and the two with a good camera in their luggage take their vacations with no worries about home affairs.

Yes, Vernon has a hobby. He has had it for years and has not done very much about it. It is largely in small parts in baskets and boxes in his garage. Some day, some time, he is going to put together that 1911 Knox car and drive it. He bought tires for the antique some time ago to prove to his wife, Trudy, that he really intends to take her for a ride. He says, "I have agreed to have the car running as soon as my wife acquires the wearing apparel that was in vogue thirty-two years ago. The speedometer only reads 6,000 miles for the past 20 years." We will all be waiting to see Vernon sitting behind that wheel wearing a stiff hat and Trudy beside him all decked out with ribbons and bows.

We cannot mention the word Hagenbring, without saying something about the founder of the business. He resides near Biloxi, Miss., is now in Europe. He usually shows up in Arlington Heights about once a year to see if the Hagenbring store sign is still in place.

WILLIAM F. NEUMANN

William F. Neumann, proprietor of Neumann's barber shop and Arlington Heights police magistrate, celebrates a forty-fifth anniversary next week. In the words of Ripley, "Believe It or Not" Neumann, who is today only 55 years of age, started in the barber business 45 years ago when he was only ten years old.

That start was in the "Boots" Bauer shop in a building at 12 S. Dunton, a short distance from his present shop. Bill reported at 7 a.m. to clean the shop. After school he was there to shine shoes and when people were waiting, he would lather the customer in one chair while Boots shaved the man in the adjoining chair.

Bill's salary was $1.50 a week and there were no tips. The barber prices were shaves 10 cents, haircuts 15 cents. The shop opened at 7 a.m. and stayed open until the streets were deserted; Saturday, it was near midnight; Sundays the shop closed at noon.

Bill was always ready to take suggestions from the other barbers, Ed Foley and George Weber. By the time he reached 13 years, he was allowed to start shaving after school and on Saturdays.

By the time Neumann had served what he thought was a sufficient apprenticeship, he entered the employ of a Des Plaines shop and in 1919 opened his own shop in Wheeling. Three years later he opend a shop in the Arlington Heights bowling alley, where Joe Wichtner, who is with him today, was the second barber.

Since 1936 Mr. Neumann has been in his present location, adding an additional chair as the need arose. Today there are six chairs.

Every man is supposed to have a hobby, and his friends think the police magistrate position which Neumann has held 18 years, takes up so much of his extra time that it is really his hobby.

Bill says he gets the most enjoyment out of the Sunday school he has operated for years at the School Dist. 24 school house every Sunday morning. It is part of the St. Peter Lutheran Sunday school.

Need Permit To Get Air Conditioning

The Libertyville village board have tackled summer problems from three angles.

An ordinance to control the use of water in air conditioning and refrigeration units was passed, the board was informed that the Illinois state geological survey will conduct preliminary investigations this weekend, and a mosquito abatement program was presented to the board.

A written permit from the village building commissioner will be necessary to operate any air conditioning or refrigeration unit which requires a supply of water from the village water system.

CHRISTIAN SCIENCE CHURCHES

That evil cannot withstand spiritual understanding of God's goodness and all-power will be brought out at the Christian Science service on Sunday.

The subject of the Lesson-Sermon is "Ancient and Modern Necromancy; alias Mesmerism and Hypnotism, Denounced." Biblical selections include Christ Jesus' warning about the mental nature of evil: "For out of the heart proceed evil thoughts, murders, adulteries, fornications, thefts, false witness, blasphemies: These are the things which defile a man:" (Matthew 15: 19, 20 to:).

The following passage will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"Passions, selfishness, false appetites, hatred, fear, all sensuality, yield to spirituality, and the superabundance of being is on the side of God, good" (201: 9).

The Golden Text is from Romans: "Be not overcome of evil, but overcome evil with good" (12: 21).

Inadequate fire insurance can have the same effect as touching a match to a thousand dollar bill. A $5000 policy on a $10,000 house may leave you open to a very serious loss. A fire policy which does not include the Extended Coverage endorsement is inadequate. And a fire policy which covers your house but not the *contents* is not enough.
If you're doubtful about the effectiveness of your fire insurance, we'll be glad to advise you, without obligation.

Little League To Open Saturday At Arlington Heights

MAC SAYS

BY G. A. McELROY

LAST WEEK, Wednesday through Wednesday, was one of the best in sports Palatine has experienced. The track team whipped Glenbrook and Bensenville with point totals over 90 by both varsity and frosh-sophs and this week, Wednesday, ran away with their seventh straight Northwest conference championship.

The golf team defeated unbeaten Crystal Lake and handed Arlington Heights one of three defeats in 18 matches. Monday, the golfers won their fifth straight Northwest title.

Last Friday the baseball team beat Antioch, 2-1, for the second time this year, though Antioch leads the conference standings. All Palatine teams are winding up the spring season with better records than were expected on the basis of the athletic material available.

★ ★ ★

FOR PROOF THAT PITCHING is 75% of high school baseball just compare the Grayslake and Bensenville ball teams. Grayslake has no better, if as good playing personnel except for their battery, than does Bensenville, but have an 8-4 record and are close to the league championship, while the Bisons are in the cellar with one victory in 12 games.

Jay Hook, Grayslake pitcher, is the best individual player in the league. In few games has he allowed more than three hits and he has averaged about 15 strikeouts a contest.

★ ★ ★

INVERNESS HAS PROVED to be a jinx for the Arlington Heights high school golf team. Over at Old Orchard the Cards annually give the Palatine boys a sound trouncing in an April match, but year after year lose when the return round is played at Inverness. The scores shot in the seventies rise as much as 10 points when the Cards meet up with the 11 water holes, thick roughs, hilly fairways, and sloping greens of the sporty McIntosh-owned Inverness lay out.

Of course it is a fact that most high school matches are not played on sporty private club courses.

Palatine's team is fortunate by having the chance to play their home matches on a tough course like Inverness. Arthur T. McIntosh and Way Thompson of the McIntosh real estate company have been cooperative in arranging for high school golf at their club. It is much appreciated and has made possible very good golf teams at Palatine high.

★ ★ ★

GENERALLY SPEAKING Northwest Conference baseball teams did not enter the state elimination series this year. It always comes during the middle of the league schedule and rather than sacrifice their conference chances, the Northwest schools have used second rate pitchers and lost their games.

The principals decided it was better to pass up the district games rather than make a farce of them.

Anyway, the present setup pits the small schools against the Suburban league quite soon, anyway, and they see little value in going into the series. It would be different if the baseball tournaments came at the end of the season, like basketball, but they cannot, due to the fact that school closes for downstate schools much earlier than in suburban Chicago.

★ ★ ★

"TINKER" MEYER, after winning medal honors in the conference golf tournament three years in a row, dropped to second this year one stroke behind teammate Pete Abramson, who carded a 77 to his 78.

This was not too unexpected for Abramson has been playing consistently improved golf while Meyer has competed in only half the matches while sharing time with his duties on the baseball team.

★ ★ ★

COACH JOHN TRAPP, after 26 years tutoring track hopefuls at Bensenville, will devote his after school hours to administrative duties and give up coaching.

Coach Trapp had championship track teams in 1939, 1940, and 1944 and was second to Palatine in their string of 1941-42-43.

When baseball came in at Bensenville, track went out and the school has not had a representative team since. We wish Trapp's successor, Paul Henry, all possible success, but he will have a real job cut out for himself to lift track to the level of Bison teams of the nineteen forties.

MAJOR CHANGE IN RULES of Paddock Publications Inter-League Handicap golf tournament at Inverness country club August 15 is that handicaps will be based on "best five scores" during the season . . . Heretofore the rule has included scores, instead . . . New rule should rule out "unnatural nights" of the golfers and put every man at his best for the tournament . . .

Roselle Bakery and Pines Motel tied for first place in the Paddock meet last year, with the bakers winning the toss for the trophy . . .

That LaGrange speed will still be heard from in years to come is borne out by the West Suburban conferenee frosh-soph track meet last week when the Lyons township boys copped both hurdles, the 100, 220 and 440 . . . They also took seconds in low hurdles, 440, and pole vault, with 880 relay, shot and high jump netting LaGrange nothing . . . Second place Maine took discus, pole vault and relay, plus two high jump ties . . . The Lions will certainly be favored to repeat in league track the next two or three years . . .

Palatine Cops Golf Title Fifth Time

Palatine won their fifth straight Northwest conference golf championship Monday afternoon at Sportsman golf club near Northbrook by barely nosing out Glenbrook's sharpshooters. The Pirates scored 311 to Glenbrook's 315, while Bensenville carded 363, Grayslake 372, and Wauconda 401.

Palatine's Pete Abramson scored a 76 to win medal honors, a distinction "Tinker" Meyer of Palatine had won the previous three years in a row. Meyer and Paul Haber of Glenbrook tied for second with 77 and Meyer won the second place medal in a play off with a birdie two on the third playoff hole. Dick Youngberg of Glenbrook and John Goetz tied for fourth with 78 with Youngberg, a freshman, winning the playoff with a birdie on the second playoff hole.

* * *

FOUR PALATINE and Glenbrook boys tied for sixth place with 80 scores. These boys with scores which in past years would always have won medals were Noel Anderson and John Goodwillie of Palatine and John Dodge and Duane Harms of Glenbrook.

Bensenville's team which counted for their 363 total were Von Werder 84, Weiss 86, Volkman 91, and Curran 102.

Cork & Bottle Softball Opens In Palatine

Softball may be dead in some areas, but not so in Palatine where once again Sunday evening softball during the summer will be in vogue for fans. All games will be played under the lights, starting at 8:45 p.m., at Palatine Community park along Northwest highway.

Personnel of the team is about the same that has represented Palatine the past two or three years. Last year the squad was called Palatine Businessmen, the year before Haseman Truckers. This time it will be Cork & Bottle, representing the newest enterprise of Edward Haseman, versatile Palatine businessman.

* * *

THIS SUNDAY Cork & Bottle will host Harvey Moose, a team that appeared in Palatine last year. The Palatine nine lost to Aurora Steelmasters last Sunday, 6-5, in the season's opener. Aurora is rated tops in the state.

On the mound for Cork & Bottle will be Bob Loutsch of Northbrook and Dick Heiden. Behind the plate will be John Buell. The infield will include Hans Schmidt of Wheeling at first, Dave Musson at second, John Majewski at short, Louis Rosslein at third.

* * *

IN THE OUTFIELD will be Jim Santucci in left, Ned Wickersham in center, Whitey Hefferen in right. John Douglas will again manage the team.

Directing the schedule and handling other affairs for the squad will be Fred Korber, on a fishing trip this week but expected back in town in time for Sunday night's game. Fred is co-owner of Cork & Bottle.

Arlington Heights golfers lost out in the West Suburban conference tournament Monday by two strokes, but the frosh-sophs won their division championship. Pictured above are eleven members of the squad of 15 boys who helped Coach Curtis Larsen compile a good won-lost record for the season. Front row, left to right, Bob McDonald, Dick Hauff, Mike Spinello, Jerry Johnson, Wayne Rolfs. Back row, Coach Curtis Larsen, George Skelton, Howard Alton, Grant Skelton, Edward Holm, Gordon Meling, Ken Leark. —Staff Photo.

Arlington Wins Soph Golf; Loses Varsity By 2 Strokes

Arlington Heights high school golfers came close to winning both varsity and frosh-soph championships in West Suburban conference play Monday, but fell two strokes short in the senior division while winning the younger half, hands down.

The Cardinals, coached by Curtis Larsen, landed second in the varsity, two strokes behind state champ Hinsdale, 306-308. The frosh-sophs won by 14 strokes, finishing with 242 for the three man team.

Arlington's Dick Hauff finished fourth low individual with a 74. First was Bill Durbin with 70, followed by Geoffrey Ames of Hinsdale and Dean Refram of Glenbard with 72's. For the frosh-sophs Bruce Milligan of LaGrange was low with 77. Back one stroke were Wayne Rolfs and Jerry Johnson of Arlington Heights.

* * *

COACH LARSEN worked a bit of strategy to insure winning the frosh-soph division, by dropping sophomore Jerry Johnson from the varsity for the tournament, a move that paid off to such an extent the soph division was a runaway.

Johnson's score could have been used by the varsity, as it turned out, with his 78 better than the number four 82 for Arlington. If Johnson had remained with the varsity, that squad would have tied Hinsdale for season honors.

At any rate, the frosh-soph trophy makes good athletic director Wally Grace's promise of at least one championship per year. Fall and winter sports squads were unable to come through for Grace, and all other spring sports teams were out of the running up to the golf tournament Monday at Timber Trails.

* * *

FINAL LEAGUE match for the Heights golfers was run off along with the tournament with the locals beating Glenbard, 9-6. The Heights sophs won, 9-0.

Arlington scores were Hauff 74, McDonald and Spinello 76, Grant Skelton 82 and George Skelton 86. In the frosh-sophs it was Johnson and Rolfs with 78 and Helms with 86.

First Junior Legion Baseball Meeting Thursday At Heights

Junior Legion baseball begins to take the spotlight from the high school this week as the Arlington Heights squad holds its first meeting Thursday evening at 7:30. All boys under 17 years of age as of January 1, 1954, are eligible for Junior Legion ball.

Jim Millay, Merle Guild Legion post representative, has announced Bruce Fullerton will be coaching the Heights Junior Legion team with first practice called for Monday afternoon at 4:30. Thursday night's meeting, May 27, will be held in the dugout at Recreation park in Arlington Heights.

* * *

LEGION BIGWIGS held a meeting Wednesday evening of this week at Park Ridge Legion home to draw up a schedule and make other plans for the coming season. Also expected to have Junior Legion teams in Northwest Cook county are Palatine and Mt. Prospect.

Palatine's squad will be coached by Claude Bailey, high school diamond mentor, and will probably be sponsored by Legior Lions. The Arlington team will be sponsored by George C. Poole, Inc., Heights Ford dealer.

* * *

DEFINITE information about the Mt. Prospect team was not forthcoming at this writing, but Charles Hamburg Jr., Legion representative in charge of the team, is expected to make initial announcement shortly. Last year's coach, Gene Dassonville, reportedly will not be available as a coach this time.

Final Sports Menu At Arlington High

Thursday, May 27, varsity baseball, Glenbard, here, 4:15. Frosh-soph baseball, Glenbard, there, 4:15.

Mrs. Victor Lesch of Wheeling gets instruction from golf pro Dan Taggart in Paddock Publications free golf classes for the ladies. Final instruction will be given Thursday night, May 27.

Review of backswing, downswing and follow through, plus putting, will be given the last night. The usual 75 lady golfers are expected to attend with class starting at 7:30 p. m. Women are not required to register, nor need they bring anything other than one club. Any lady golfer within the Paddock area is welcome to attend. —Staff Photo.

Niles Triple Clears The Bags To Beat Cards

Arlington lost a 3-2 baseball game to Niles at Recreation park Tuesday afternoon, with the Trojans pulling the game out of the fire in the final inning.

With Dave Ryden on the mound, Arlington scored in the first inning on an error and two fielder's choices. The Cards tallied the other run in the third on four hits by Dotts, Verret, Bakalar and Sieburg.

* * *

GOING INTO the seventh inning, Coach Howard Lester's squad enjoyed a 2-1 lead. Then the roof fell in, starting with a hit batsman, a hit through third by Brownly, walk to Baker. Exit Ryden, enter Mike Shanklin.

Hollor was on via a fielder's choice and pinch hitter Lee cleared the bases with a triple.

Ryden gave up seven walks and fanned six.

Arlington Frosh-Sophs Defeat Downers, 5-1

Arlington Heights frosh-soph baseball team gained amends for the varsity losing to Downers Grove in the final inning by soundly whipping the Downers sophs, 5-1, Thursday on the Du-Page county diamond.

Card yearlings, coached by "Bus" Ormsbee, tallied once in the third on a triple by Getts and a passed ball. In the fourth the locals scored three runs on singles by Harrington and Getts, and walks to Ashley, Smeby and Ebert. Final score was racked up in the fifth on a double by Vittum and single by Ashley.

Downers tallied its only run in the fourth on a walk and a single by Richards. Alan Smeby performed well on the mound for Heights, allowing just two hits. The young Cardinals gained six hits.

It's Red Sox vs. Athletics At 1; Braves-Cards, Too

By the Dad of a Little Leaguer

Play Ball!

This familiar cry of the umpire will be heard Saturday at Recreation Park when the Arlington Heights Little League launches its first official season.

Everything will be big league!

Last year the lads performed in a six-team league on a comparatively informal basis in caps and tee-shirts.

* * *

THIS TIME the players will be dressed in complete, brand new uniforms with the name of their team—the teams are named after big league outfits—in bright letters across their shirts.

There will be a doubleheader Saturday afternoon.

First game at 1 o'clock matches the Red Sox and Athletics in an American league battle featuring youngsters 8 to 12 living on the South Side of Northwest highway.

At 3 o'clock, it will be the Braves and Cardinals, a National league duel. Boys in this circuit live north of the highway.

* * *

TUESDAY NIGHT at 6:30, the Pony Leaguers—they're the older lads 13 and 14 years of age, some "graduates" of the Little League—swing into action with the Redlegs and Phillies clashing at Recreation Park.

That same night, a National league Little League battle will be reeled off between the Dodgers and Cubs at Arlington Hts. high school diamond.

Wednesday night, the White Sox and Yankees clash in a Little League encounter at the south side junior high diamond, with a Pony League tussle between the Orioles and Indians scheduled for the high school field.

Before the week is over, every Little League and Pony League team will have been in action.

* * *

ENTHUSIASM in the program is so great that 514 lads reported for the four tryouts . . . . so many players, in fact, that more managers, coaches and umpires still are needed to conduct a complete program.

The following men have volunteered to serve as umpires under Joe Brodnan, a veteran arbiter who will head them as chief:

Bob Barbour, Earl Hadlund, Frank Schultz, George Cole Bob Hanley, Tom Beckley, Stephen Murphy, Victor Beisler, A. R. McInnis, Richard Helig, Mert Taylor, Joe Brandt, Ray Smith, J. K. Wallace, Allan Glover, John Barrett, Richard Bardach and Larry Austin.

* * *

RUDY STEIN will assign the American League umpires; Richard Hetke in the National League; David Lynk and Edward Luehring the Pony League.

Harold Lussow, a Sinclair official, has donated three new scoreboards — one for each field. The steel wire backstop at the south side Junior High field was erected from Little League funds.

Admission to the games is free.

Sixty of the 120 Little League uniforms were supplied by the Chicago White Sox and Cubs major league clubs, which each year play a special benefit game for boys baseball and recreational activity in the Chicago area.

* * *

THE OTHER 60 Little League suits, and the 60 Pony League uniforms, were supplied by the Arlington Heights Little League from $1 registration fee for each player; $1 registration fee for Little League parents and interested adults and donations from civic groups.

Come on out and watch the Little Leaguers and Pony Leaguers play ball. They're future big leaguers!

L-Nor Cleaners Assumes Lead In Rob Roy Golf

Virgil Rolfs with a 38 and Harvey Laufmann with a 39 lead the L-Nor Cleaners to a 6 to 1 victory over Whitton Realty. This is the third week in a row Mr. Rolfs has taken the low net away from his opopnents in Rob Roy Tuesday Golf league.

Michael's I.G.A. emerged a 6½ to ½ winner over Koske Ecavators. The I.G.A. gang just let the Excavators beat themselves.

* * *

WEBBER PAINT beat Prospect Heights Pharmacy 5½ to 1½. Len Arnold with his 37 and Vince Hoffman with a net 32 got together to give the painters the margin of victory.

Smith and Dawson beat Wheeling Bowling Lanes, 6 to 1. Seems like the bowlers are having a rough time getting started. Perhaps the change in size of ball involved has something to do with it.

Park Ridge Stop and Sock beat Prospect Heights Service Station 4½ to 2½.

Kirchhoff Insurance beat Dunteman Dairy 5 to 2.

Wulbecker Furniture split with Rhodes Appliance 3½ to 3½.

Kruses Stubborn, Hold Slim Lead In Tuesday Golf At Mt. Prospect

In spite of a 6-4 defeat at the hands of cellar-dwelling Wille Lumber & Fuel, Henry Kruse's Schlitz team grimly held to its first position slot in Tuesday's division of the Mt. Prospect Twilight Golf League. The Commissioner Busse team meanwhile took over second place after a strong showing in defeating K. R. Whitton, Realtors 9-1, and The Gift Box ended up 3/5 of a point behind in third place after dumping Keefer's Pharmacy 8-2.

Birdies: R. Becker and R Manchester, No. 10; G. Holzrichter, Nos. 10, 15 and 17.

* * *

HOLZRICHTER incidentally wins the "heartfelt sympathy" award for the week. In spite of collecting three birdies, including one on the impossible 17th, and a 41 net 31 Bob Manchester nosed him out with a neat 39 net 29 for match, medal, and low net for his team.

Bank Increases Lead In Monday Golf At Mt. Prospect

Mount Prospect State Bank increased its lead to 1½ points when they took 6½ from the hard fighting team of Moler's Barber Shop. Van Driels drug store remained in second and increased this lead to four points by taking six points from Mt. Prospect Bowling Lanes.

Moler's Barber Shop and Mt. Prospect Hardware are tied for third with 17½ points each.

From fourth place to last place the changes are rapid and very interesting.

Birdies: Hard hitting, close-chipping Ed Rash had one on the 5th, Hamburg the 7th and Blair the 11th.

Palatine Runners Outscore Glenbrook And Bensenville

Palatine ran away with Glenbrook and Bensenville in both varsity and frosh-soph triangular meets last week Wednesday afternoon. The Pirates scored 90½ points in the varsity competition to 28½ for Bensenville and 17 for Glenbrook. The frosh-sophs totaled 93½ to Glenbrook's 27½ and only nine for the Bisons.

Norman Stenzel scored 18½ points for Palatine with firsts in both hurdles, a tie for first in the 100 yard dash, a third in the broad jump, and as a member of the winning relay team. Pedro Cuatrecasas scored 10 for Bensenville with first in the pole vault, second in the broad jump, and third in the high jump. Walsh of the Bisons won the discus and took second in the shot. One of the best marks of the meet was the shot put of 48' 4½" by Carl Nuss of Palatine, well beyond the conference record. Palatine won 11 of 13 varsity events.

Verne Busse Completes Track Career In Big Seven League Meet

Vern Busse of Arlington Heights climaxed his collegiate track career this weekend when he competed for Colorado university in the 26th annual Big Seven conference meet at Boulder, Colo.

The 21-year-old son of Mr. and Mrs. L. F. Busse of 900 North State Road, Arlington Heights is a senior at the Rocky Mountain college. His major is accounting, and his fraternity Alpha Tau Omega.

Busse competed in two events for Colorado in the league meet Friday and Saturday, the 440-yard run and the one-mile relay. He transferred to Colorado from Coe college in Iowa two years ago and as a result was ineligible for varsity competition with the Buffaloes until this season.

* * *

AS A MEMBER of Coach Frank Potts' Buff team this season, Busse has participated in a total of twelve meets, five indoors and seven outdoors. The five indoor meets were the Big Seven Indoor Meet at Kansas City; the annual Colorado Invitational at Boulder; a dual meet against Colorado A & M, also at Boulder; the annual Varsity-Frosh dual at Boulder; and the Kansas State-Iowa State-Colorado triangular at Manhattan, Kan.

In outdoor competition, Busse ran in all three meets of a Southwestern tour by the Buffaloes, against Arizona State at Tempe, Arizona University at Tucson, and New Mexico at Albuquerque. Other outdoor meets have been duals against Nebraska at Lincoln and Iowa State at Ames; the Colorado Relays at Boulder; and the annual Rocky Mountain AAU meet at Denver.

* * *

PERFORMING as a member of Colorado relay squads this season, Busse has helped to set two new school standards. In the Arizona State dual at Tempe, he ran one lap for the four-man one-mile relay squad which turned in an outstanding time of 3:19.0. That standard broke three marks: the Colorado-Arizona State meet record; the Bill Goodwin stadium mark; and the Colorado university school record.

As second man on the four-man two-mile relay team, Busse helped pace his running mates to a new school standard of 8:01.9 in the 30th annual Colorado Relays at Boulder on April 24.

* * *

BUSSE ALSO competed in the 440 and 880-yard runs for the Buffaloes in early season before a leg muscle injury sidelined him from those events. His best time in the 440 was a :49.5 clocking in the Arizona State dual. Against Arizona at Tucson two days later, he turned in a 1:59.0 time in the 880 for his best mark of the season in that event.

Already assured of a varsity letter at Colorado this season, Busse will climax his career with a unique distinction, that of having lettered at two collegiate institutions.

Heights Golfers Lose To Palatine And Hinsdale

Palatine beat Arlington, Arlington tripped Crystal Lake. Palatine smeared the Lakers.

That was the triple result at Inverness country club Wednesday of last week when Coach Curtis Larsen's Cardinals bowed to the Pirates, 8-7, and outpointed the Lakers, 11½-3½. Palatine's golfers, meanwhile, were whipping the visitors, 14½-3½.

Arlington's Dick Hauff and Palatine's Tinker Meyer were both low with 79's at Inverness with the Pirate's Goetz second with an 81. Arlington topped Palatine in a frosh-soph match, 8½-½ with Rolfs low with 90.

Antioch Clinches Northwest Baseball Tie; Pirates Win

Antioch clinched a tie for the Northwest conference baseball championship Tuesday as they nipped Grant 6-5 for a 10-4 season mark. Grayslake can tie the Sequoits for the title by beating Wauconda in a makeup game Friday.

Grant took a 3-0 lead in the first inning off Mark Verke who was replaced on the mound for Antioch by Phil Voss. In the fifth the Sequoits trailing 5-1 tied the score as Mark Verke blasted a homer with two on. In the last of the sixth Antioch scored the winning run when Mike Haviland walked after two were out, stole second and was brought home on a single by Tom McGreal. McGreal and Warren Brownlee each had a double and a single for Antioch. Leroy Bettis got three safe hits including a triple for Grant.

Meet Won By LaGrange

LaGrange high school scored 38 points to win the West Suburban conference varsity tennis title at Riverside-Brookfield yesterday. Maine finished second with 33 points and York third with 26.

Hinsdale won the frosh-soph title with 49 points. Riverside-Brookfield was second with 34.

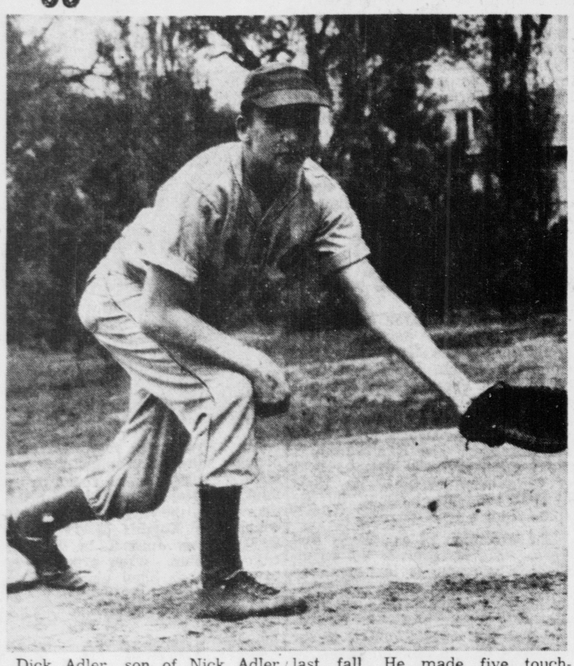

Finals in Singles

First division — Dick Leslie, Maine beat Irv Pielet, Hinsdale, 8-6, 7-5. Second division — Frank Foster, York, beat Don Johnson, La Grange, 6-4, 6-3. Third division — Ned Mittelbusher, Hinsdale, beat Warren Herberts, La Grange, 6-1, 6-1.

Finals in Doubles

First division — Randall Ripley and Tom Rolando, Downers Grove, beat William Gooch and William Stone, Glenbard, 9-7, 6-4. Second division — John Book and William Patrick, Maine, beat Bob Dutton and Dick Hoff, La Grange, 4-6, 6-3, 6-3.

Palatine First Baseman Was Biggest Thief On The Diamond

Dick Adler, son of Nick Adler Jr., of Palatine, poses before the last game of the season May 15 at Campion high school, Prairie du Chien, Wis., where he was first baseman on the varsity team that finished with a 6-3 record. Dick was graduated May 21 in a class of 106, of which 35 were from Illinois.

In nine games, Adler stole nine bases, two of them at home. He batted in five runners on two triples, a double, and two singles in 20 times at bat.

* * *

FOR TWO YEARS Dick played end on the varsity football team, receiving all-diocesan (La Crosse) honorable mention as a junior and being named to the second team last fall. He made five touchdowns in the 6-2 season of 1953. He was co-captain with Bill Maleck of Antioch.

Last spring he went out for track and lettered as second highest point man on the varsity squad. He ran the 440 in 54.5 seconds as a junior.

* * *

DICK BELONGED to the sodality youth organization for four years, was the monogram club delegate on the student council this year, and master sergeant of B Company in the ROTC unit.

He attended St. Mary's grade school in Buffalo Grove, and plans to enroll at Marquette university. His older brothers Jerry and Tom, are also Campion graduates and are now Notre Dame alumni.

Arlington Loses To Downers, But Trims LaGrange Nine, 9-1

Arlington's baseball squad almost made the grade Thursday at Downers Grove, going into the ninth inning with a 2-0 lead, but the league leaders pushed across three runs the last half for a 3-2 victory. Thus, they maintained undefeated status within the conference.

Monday afternoon, though, Heights had everything its own way as LaGrange played the good host and bowed, 9-1, as Coach Howard Lester used all 18 boys on the Cardinal squad.

The victory gave the local nine the chance to make third place, providing the final week's games run true to "hoped for" form.

* * *

AT DOWNERS Mike Shanklin did a good job on the mound for Arlington until the ninth when a hit by Shoemaker, walk to pinch hitter Bob Wedell, and a single past first to Ron Baukol brought Dafe Ryden in to relieve.

Don Extrom grounded out, Shoemaker scoring. Bill Barr was hit by a pitched ball, filling the bases again. John Prucha then hit to center, scoring two runs and the game was over.

Otherwise Downers garnered two hits in the second frame, one in the fourth and one in the sixth.

* * *

HEIGHTS SCORED in the first on a double to center by Verret and a single by Bakalar, scoring Verret. In the fourth inning Verrett singled to right, went to second on a passed ball, and scored when Jack Sieburg singled to center.

Shanklin fanned four and walked three. The loss gave him a 2-2 mark to date. Wyllie gained credit for the win for Downers Grove.

Arlington Frosh Nine Loses To Glenbrook, 7-4

Arlington's freshman baseball team came up with a four run sixth against Glenbrook Wednesday, but it wasn't enough as the Northwest conference school ran off with the marbles, 7-4. On the mound for Coach Maurice Klotz' young'uns was Brownell, who permitted just four safeties. Six walks and four errors didn't help matters, however.

The winners scored three times in the first on a hit by Rosley, three walks and an error. In the fifth Sawyers singled and came home when Rosley homered for two more. Two walks and two errors brought in the final two tallies for Glenbrook in the seventh.

Dan Vittum opened and closed the sixth inning when he was safe on an error, later struck out. Panunzio also reached base via the error route with Wille getting a hit. Walks to Holznagel, Jacobson, Geocaris and Webber helped score four runs for Heights. The loss gave the Arlington frosh a 4-3 mark for the season.

Arlington Soph Nine Loses To LaGrange

Arlington's sophomore baseball team lost a close one, 2-1, to LaGrange Monday at Recreation park with the winners getting just two hits until the seventh, and the young Cardinals notching only one safety to that time.

On the mound were two southpaws, John Sujack for Heights and Bach for LaGrange, Richard Stocking rapped out a single to right in the fifth for Arlington's first hit, but Lew Green was caught at the plate to end the inning. A double by Harrington and a single by Ashley brought in the lone tally for Coach "Bus" Ormsbee's squad in the seventh.

A single by Wormley in the third and a single by DeSantis in the fourth were wasted by LaGrange. In the seventh a single by Krask, sacrifice and singles by Fresisigner and Wormley brought in the winning runs.

pair of runs in the sixth.

Wholesale replacement of players began for Coach Lester in the sixth, with the Cardinals tallying twice more in the seventh on two walks and a hit by Sieburg.

Ed Linneman went all the way on the mound for the locals, giving up just one walk and striking out six. The win gave Ed a 3-1 record to date.

AT LAGRANGE Monday the Cardinals went to work early with walks to Dotts and Lemke setting up a golden opportunity for Bakalar, who tripled. Sieburg sacrificed, Bakalar scoring

A hit by Roger Thomas, sacrifice and a triple by Ed Linneman brought in three more scores for Arlington in the fifth Successive hits by Bakalar, Sieburg and Maher, plus a walk to Linneman, brought in another

Women Drivers, Not Communists, The Real Threat To Europe, Says 'Expert'

THURSDAY, MAY 27, 1954

by BILL DILLINGHAM

Be careful of women drivers? Most men have been mis-judging the weaker sex!

The danger lies not in women drivers, but in the woman who accompanies the man who is driving. Men who have been engaged in accidents have, at the same time, usually been under the pressure of feminine conversation.

This would seem to indicate that a woman is a lot safer behind the wheel than behind the driver's ear. When we consider that more men have accidents, proportionately, than women, then a good case for the safety of lady drivers is staring at us through the rear-view mirror!

* * *

AN ENGLISH statistician has pointed out that of the two sexes, women are much more open to accepting criticism about their driving. A man is rarely able to accept any remarks about his ability.

Further evidence in support of women drivers, as against the male, shows that the ladies are inclined to be more courteous on the road, they observe traffic regulations with more diligence and they react with greater speed in emergencies.

* * *

THEIR JUDGMENT, how ev e r, when they get into a tight spot isn't so good. Although a woman's foot might hit the brake a lot quicker than will a man's, evidence shows her judgement is poorer and that she probably should have kept her foot on the accelerator instead!

European women don't get the same automobile training as their American sisters. The fact that in some states youths of sixteen and younger drive cars shocks many Europeans. In Denmark, for instance, both men and women must is not recognized by the authorities in Denmark; one must have the school diploma in any case.

* * *

IN MOST European countries this driving school plan is followed. Because of it, men and women usually never learn to drive be at least eighteen years, whether driving in the city or the country, and they must attend a driving school to get their licenses. Learning to drive in a friend's car until they are economically established — in their twenties or thirties — and then they never learn to drive well.

Prejudice against women drivers is greater in Europe than in America. Continental men paint a derogatory picture of these women. It is said that when an accident is approaching, a woman just closes her eyes and screams.

* * *

THOSE WHO OBJECT most to women drivers, on efficiency grounds, are the Germans. Then come the Dutch, Swiss and Austrians. The French, however, are always there with a word of encouragement for the little lady no matter how awkward they think she has been. The Englishman is the woman driver's idol; he never complains, even if he finds himself suddenly hanging by his spats from a tree top.

The objection of Spaniards and Portuguese, however, is not on efficiency grounds. It is considered a point of inferiority when a woman is driving and a man is present. This is interpreted as indicating that the man is subject to the woman's will in other matters, as well. When a woman is behind the wheel of a car and a man is at her side, they figure that she not only owns the car, is giving him a ride, but buying his cigarettes too.

A cartoon appeared recently in a Danish newspaper showing a Danish woman driving a car with a cigar in her mouth (a custom among women in Denmark). Next to her sat a very meek, Spanish gentleman with a narrow moustache, looking from side to side hoping that none of his friends would see him.

'Salt Of The Earth' At Cinema Annex

"Salt of the Earth," the much-discussed motion picture concerning an actual mine workers strike in New Mexico, will have its mid-west premier at the Cinema Annex Theatre, Madison and Kedzie, at 8 p.m. Friday, May 28.

Salt of the Earth stars Rosaura Revueltas, the Mexican award-winning motion picture star, in her first English-speaking role. Co-star is Juan Chacon, real-life president of local 890, Mine Mill and Smelters Union, Bayard, New Mexico.

'Arsenic And Old Lace' At Luther North

One of the fastest and wierdest farce-comedies of recent years, acted by a skilful cast from the ranks of the senior class of Luther High North is scheduled to be presented at St. Luke's Auditorium, 1500 W. Belmont, Saturday, June 5, at 8 p.m. "Arsenic and Old Lace," comedy-hit about murder, madness and merriment, will be shown.

On K. of C. Show

Jan Murray, for many years a popular stage and night-club entertainer and, more recently, a television star, is one of the headliners in the mammoth stage which the Knights of Columbus will sponsor, June 9, in the Chicago Stadium, when proceeds go to the Bishop Sheil underprivileged youth fund.

Music Theater To Open June 11 With 'Oklahoma' For 2 Weeks

The Music Theater, Lake-Cook rd., between Skokie and Edens highways, opens its fifth season June 11 through June 24 with Rodgers and Hammerstein's "Oklahoma," starring John Elliott as Curly. Supporting Mr. Elliott will be Jack Gilford (former star of the Metropolitan Opera company's "Die Fledermaus" and star of the Broadway production of "Sholem Aleichem") as Ali Hakim, Rita Noble (star of the Kate Smith TV show) as Ado Annie, and Jack Mann (currently headlining the Palace theatre in New York) as Will Parker.

The schedule for the 1954 summer season is as follows: Rodgers and Hammerstein's "Oklahoma" June 11 through June 24, Irving Berlin's "Call Me Madam" June 25 through July 8, Cole Porter's "Anything Goes" July 9 through July 22, Rodgers and Kern's "Showboat" August 6 through August 19. The fourth and sixth shows will be announced later.

Announce Program For Lake Geneva Music Association

Contralto Carol Smith, pictured here, is one of the nine outstanding offerings of the George Williams music association with concerts slated eight Sunday evenings and one Wednesday evening at College camp along the shores of Lake Geneva. One thousand memberships have already been sold, with 300 more still to be offered.

On the programs, starting with Sunday, July 11, are Chicago symphony orchestra, Moline boys' choir, Chicago Swedish glee club, tenor Brian Sullivan, duo-pianist Luboshutz and Nemenoff, bass-baritone Leonard Warren, 17 year old violinist Elaine Skorodin, Carl Smith and Milwaukee "Pops" orchestra.

Winterbauer Sets Two More Records In Final Performance

LaGrange's 1954 state prep track champions Wednesday scored 53½ points to capture the school's seventh consecutive West Suburban conference varsity crown in the meet at Riverside-Brookfield. The Lions also continued their domination in the frosh-soph division, scoring 55 points to take their sixth straight title.

Arlington Heights' Dick Winterbauer set the only two varsity records, putting the shot 56 feet 3⅜ inches and throwing the discus 164 feet 3⅝ inches.

WIN KOELLING came through in great fashion for Arlington in the broad jump when he leaped 20'7" to take that event. Other marks by Arlington boys not winning their events included a 4:48 by John Sheppard in the mile, good for fifth, and Dick Michalski's 10'6" in the pole vault for third place. Dick lost out at 11'.

Heights points in the frosh-soph division other than Dennis Striegel's winning toss in the shot put included Larry Long with fifths in both hurdles, the highs in :17.5 and the lows in :22.6. John Henningsen made 9'6" but went out at ten feet along with two others for fourth in the pole vault. Striegel tossed the discus 127' for second spot. Dave Schimmel broad jumped 19'8" to take second.

DuPage Amateur Golf Tourney To Open Saturday At Arrowhead

DuPage amateur golfers will open play Saturday, May 29, in the first amateur golf championship tourney at Arrowhead golf club, Butterfield road, near Wheaton. Winner will be awarded an engraved trophy, plus his choice of first prize.

Other prizes include $1,250 worth with number of entries limited to 400. Low 16 scores and ties from qualifying round played between May 29 and June 6 will be paired in a championship flight of stroke play. Next 96 low scores will be assigned play in matches.

Those qualifying for championship flight and match play will compete in an additional 54 holes of play June 12-13-20.

A registration fee of $5.00 includes a free luncheon, one round of 18 holes on Saturday, Sunday or holiday, and a chance to compete for the prizes. An additional $5.00 is required to all golfers who qualify beyond the first 18 holes of play. For this final fee golfers have an opportunity for three more rounds of 18 holes each, to be played on Saturday, June 12, Sunday, June 13, and final round on June 20.

Cardinal Netmen End Season With Niles Loss

Arlington Heights high school tennis squad closed its season Friday afternoon at Niles in two surprise defeats, the varsity losing, 5-0, and the frosh-sophs falling, 4-1. The loss gave Coach Ken Schaller's squad a 4-7 season mark in dual competition.

Only winner for the Cardinals was Kudla in the frosh-sophs, who won the number one singles. He fell behind the first set, 3-6, came back to win the second at 11-9, then won the third, 6-3.

All of the varsity matches were close with one going 8-6, three of them 7-5, one of them 6-4. Greatest reverse performance was in second singles in the frosh-soph half when Brown won the first set for Heights, 6-1, then lost the second, 6-0, before bowing in the final ,7-5.

To Show Firebird At Hoosier Races Sunday

Mauri Rose, '500 veteran, will demonstrate General Motors newest and hottest experimental car, the "Firebird," at the Hoosier sportscar races scheduled for Memorial day, May 30, at Atterbury air force base, Columbus, Ind. This will be one of the few public appearances in which this P-21 will actually perform and the second public appearance since New York.

A star of the GM Motorama, the car is the first automobile of its type ever built and tested in this country. GM officials indicate that the sleek, white, 370 horsepower "Firebird" was constructed to study the future possibilities of gas turbines for commercial uses and is not designed for the public highways.

Inspired by the navy's Skyray plane, the car was tested extensively in a series of wind tunnel experiments at California Institute of Technology. Power comes from two mechanically independent units. Fuel is kerosene from a 35 gallon nose tank. The wings of the "Firebird" serve a real purpose. They are pitched to nullify the lifting effects that might develop in the rear of the body. The tail fin helps hold the car on its course.

Mauri Rose will drive the "Firebird" up and down the main straightaway between the second and third race.

Big Ten Tennis Match At Illinois

Indiana university tennis players will seek their third consecutive Big Ten team championship in the Western conference tourney May 27-28-29 on varsity courts at University of Illinois.

The Hoosiers, boasting one of the league's best dual meet records, are well fortified for their defence with three returning singles champs, John Hironimus, Duane Gomer, and Bob Martin, plus a winning 1953 doubles combination of Hironimus and Ed Harrison.

Hironimus won No. 2 singles last year, Gomer No. 3, and Martin No. 4, while the doubles combo took the No. 3 team crown.

Michigan State has lost its No. 1 singles champ of last season, Stan Drobac and the doubles champs of Drobac and Tom Belton. Nevertheless with Capt. Jim Pore playing topnotch tennis and a group of outstanding sophomores coming through, the Spartans should be Indiana's chief challenger.

Michigan, Northwestern, Illinois and Wisconsin might be troublesome with luck in the draw, but do not figure as advance title threats to Indiana or Michigan State.

Hunting, Fishing Bills Need Prying For Action

Three bills that offer excellent opportunities for constructive conservation achievement are now stymied in committees of congress. All three can be pried loose and passed, provided congressmen and senators can see evidence of real grass roots support for them. Each has special importnace to the hunters and fishermen of America.

The Baker Bill, H.R. 8225, seeks to earmark 10% of the national forest receipts for habitat improvement and recreational facilities in the national forests. Loggers and stockmen are opposed as it cuts into their private use of national forests and they don't want to see larger numbers of hunters and fishermen making use of the national forests.

* * *

THE WATERSHEDS conservation bill, H.R. 6788, has passed the house but is opposed in the senate by the army engineers who know passage of the bill will cut into their big dam-building program. Most conservationists are convinced small detention reservoirs keep the rain water where it falls and are far more effective than huge dams built by the army engineers, both for flood control and soil erosion control.

H.R. 7764 and 8194 are identical bills that would authorize appropriation of $13½ million dollar surplus in the Pittman-Robertson fund back to the states for wildlife conservation work. This money belongs to the sportsmen as they paid it in excise taxes on arms and ammunition.

* * *

THERE IS ALWAYS a danger such surplus funds will be appropriated for some other use so strenuous efforts should be made now to make it available to Illinois and other states that sorely need more wildlife habitat.

Pirates Edge Antioch, 2-1, In Pitchers Duel

Palatine beat the league leading Antioch Sequoits for the second time this season Friday, 2-1, in a pitchers duel between "Tinker" Meyer and Phil Voss. Meyer allowed the Sequoits only three safe hits but one was a ground rule home run by Bob Meyer in the third inning. Palatine got four hits off Voss, two of which were by Roger Niemeyer.

Niemeyer's triple following a walk to Kolze and a single by "Tinker" Meyer in the first inning produced the two Palatine runs. It was Antioch's fourth defeat in 13 games and Palatine's fifth win in 11 games.

TOM NOLAN of Wauconda hit a grand slam home run in the second inning and later got a double and single to drive in a total of seven runs as the Bulldogs routed Bensenville Friday, 15-1. Don Smith with a double and two singles also was a hitting standout for the winners. Wauconda scored in every inning except the fourth and got 14 hits off three Bison flingers. The Bisons got only two hits off Dennis Punches' delivery.

		R	H	E
Wauconda	2 5 3 0 1 2 —	15	14	1
Bensenville	0 1 0 0 0 0 —	1	2	1

Batteries: Wauconda — Punches and Nolan. Bensenville — Straud, Sirotzki (4), Busse (1) and Sitotzki, Hinrichs.

GRANT STAYED in third place in the Northwest standings by thumping Ela-Vernon, 8-3, Friday with a big seven run first inning. Bob Klaus and Leroy Bettis each got two hits for Grant to pace the attack which knocked out Don Prouty, Ela pitching ace. Ela could not touch Kent Raffel or Bob Klaus who held the Bears to one hit, a single by Utaala.

Ela-Vernon	0 0 1 0 0 0 2 —	3	1	7
Grant	7 0 1 0 0 0 * —	8	9	2

Batteries: Ela-Vernon — Prouty, Schiller (4), and Ward. Grant — Raffel, Klaus (1) and Hink.

'Suspicious' Car Becomes School Teachers

Three Glen Ellyn women were listed as "suspicious" last week.

Police reported seeing a parked car on Glen Oak rd. at 12:40 a.m. one night. The vehicle had its lights on, and a call back to the station listed the car as suspicious.

However, an investigation proved that three Sunday school teachers were having a long talk. The women were not identified.

SPORTS CONVERTIBLE

This button-front sleeveless cotton is designed by White Stag for the active sportswoman. Buttoned, it's a slim skirted dress, but when it's unbuttoned at bottom the cotton becomes a full-skirted dress ideal for the golfer and other sports enthusiasts.

Prize winning costumes, if any were given, might have gone to the four persons pictured above, all members of Inverness bowling league which held its annual banquet Saturday night at Inverness country club. A cocktail hour preceded the banquet at the William Engelhardt home where a travel agency motif was in vogue.

Bowlers were to dress like someone they'd like to be. Pictured, left to right, Edgar Flesher, Mrs. and Mr. Hubert Nelson, and Mrs. Walter Mathias. —Bak Studio.

Dissolve Injunction Against Swim Pool In Downers Grove

The dissolution of a temporary injunction by circuit judge Russell W. Keeney removed what appeared to be the last stumbling block of the Downers Grove Pool association in its efforts to complete a $100,000 swimming pool this summer.

In the decision handed down, Keeney found in favor of the village of Downers Grove, defendant in a suit brought by Elizabeth and Ernest Brizac to enjoin the issuance of a building permit to the Pool association.

All Lit Up!

Nearly 1,100,000,000 household eelctric light bulbs are sold in this country each year, Westinghouse lighting engineers reveal. Since the first incandescent lamp was developed, 20 billion household bulbs have been consumed in the United States. In the past 25 years, annual production of the units has increased by more than 360 per cent.

Arlington's track squad finished fourth in the West Suburban meet May 19, and had its individual stars this year in Winterbauer in the weights and Michalski in the pole vault. Large turnout of frosh-sophs indicate a return to normal next year.

First row, left to right: John Glueckert, Ray Hornbostel, Dick Michalski, Bob Frisk, Carroll Werner, Griff Pritchard, Don Waterman, Lodiegard Reinke. Second row: Bill Beckman, coach, Dick Winterbauer, Harry Kennicott, Al Williams, Dave Schimmel, John Heintz, Paul Cutler, Winn Koelling, Russ Attis, coach. Fred Holste, Palatine, says politics is like horse racing. The smartest rascal wins the stakes and the others lose.

Carl Starck has completed his studies at the Chicago College of Physicians and Surgeons. By hard work, close application to his studies, coupled with a natural inborn desire to become a physician, he was enabled to complete his course in four years.

Sparks from a train set fire to H. B. Batterman and Co. big elevator which was extinguished after hard work by the firemen who strung two 3" hoses from a 4" main.

When the masons employed by Ed Schmidt of Roselle "rushed the can" to such an extent that they had to quit work, Ed took the trowel in hand and became a mason.

Postmaster John Fenz, Schaumburg, has received notice that after June 1 the Schaumburg mail will be brought by rural carrier from Elgin instead of from Roselle.

George Benhart, Meacham, has provided both of his boys with a buggy.

Miss Martha Koch and Fred Fuerhaken Jr., were quietly married in Ontarioville.

Two hundred twenty-one male voters of Palatine township are to pay a poll tax of $2 per man. That law does not apply to residents of cities and villages. Consequently, the farmers only are required to pay.

Palatine high school alumni will hold a banquet and dance at Seip's auditorium.

Miss Ruth Watson of Arlington Heights high school, who won the local oratorial contest, also wins the county.

Will Ernsting weds Edna Franzen in Bensenville.

Mrs. Catherine Goeddeke, 83, Itasca, passes away.

We understand that Ed Foley, Arlington Heights, formerly a popular artist at the Bauer tonsorial parlor, is going in business for himself in the Rau building.

John Best, Arlington Heights, gives a party to his baseball team in honor of eighth birthday.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

Have you ever felt the urge to run away from it all? To go "somewhere in the west", and start life over again?

Enticing as this urge may be, when your trouble lies within yourself it is a hopeless one. Only when we stop running away from ourselves, face our problems squarely, discern the trouble, make a decision, then act, are we able to solve our personal problems; for no matter how far we run, we will be faced with the same inward problems when we arrive at our destination. If we are afraid and puzzled with life here, we will be afraid and puzzled with life in the South Pacific. If we can't get along with people in Detroit, it is useless to hope we will in New York, for people everywhere are the same in their habits and personalities, and we will be the same there as here; lonely, perhaps, or selfish, inconsiderate of others, stubborn, or happy, well adjusted, successful.

* * *

MOTION PICTURE shows, parties, dancing and drinking are ways of running away from ourselves, and may help us while we are indulging in them; but when they are past, when we return to real life, we find ourselves much as we were before. Such temporary escapes from reality do not change our chances for happiness.

Each person is a separate, individual unit within himself. Like the motor in our refrigerator, which we cannot repair simply by placing in a different refrigerator, we can not change ourselves by going to a different place, or indulging in new activities. We must find the trouble with the motor and repair it; likewise, we must examine ourselves and make the necessary alterations in our personalities and habits.

* * *

TO DO THIS requires, perhaps, a lot of new equipment; new attitudes gleaned from good books, observation, reflection. New habits of action and thinking. Unlike a motor for which we can buy new parts, we are born with the potentials necessary for creating them within ourselves.

So let's both stop trying to run away, from ourselves, and start making ourselves over to meet the needs of living happily within ourselves and with others.

Drop Suits Against Grant High School

Petitioners have dropped their suits against the Grant community high school contesting the recent bond election.

The action now permits the board of education to proceed with the construction of an addition to and the remodeling of the present high school building.

"The thrill of their life," think Rickey and Talbert Fulle, sons of Mr. and Mrs. Floyd Fulle, 1019 N. Mitchell, Arlington Heights, as they feed and play with the tame deer at Deer Haven, children's animal playland in Fox Lake which will open on May 30. Located at rt. 59 and Grand ave., Deer Haven is a new twist in zoo exhibits. Here the animals are all tame and rather than signs "don't feed the animals," the rule is "feed, pet, and play with them." In addition to deer the animal playland boasts rabbits, guinea pigs, lambs, kids, and peacocks.

Arlington Heights Safety Campaign

"SPLIT SECOND ACTION MAY SAVE YOUR LIFE"

Mr. Nicholas M. Lattof, Lattof Motor Sales, reminded motorists of this fact today as he stressed the importance of driving a car that will respond immediately in an emergency.

Mr. Lattof spoke in behalf of the vehicle maintenance program recently sponsored by the Arlington Heights Lions Club in cooperation with the National Safety Council.

"The part played by good vehicle maintenance in the safe driving picture cannot be over emphasized," he said. "The skill and alertness of the most capable driver can be completely canceled if his vehicle does not respond in an emergency."

"It is obvious," he added, "that a driver—no matter how skillful—can't cope with a sudden emergency situation in a car that has worn brakes, a worn steering mechanism or some other neglected part."

Mr. Lattof warned drivers that, under some circumstances, a small worn out part can precipitate a serious accident. He said the only way in which the average driver can be sure his car is in top notch mechanical shape is to have it checked regularly.

He advised car owners to pay particular attention to the following points when having such a check made: brakes, headlights, rear and stop lights, tires, wheel alignment, exhaust system and muffler, windshield wipers, glass, horn and rearview mirror.

"BE SURE YOU CAN SEE, STEER, AND STOP SAFELY!"

Bryngelson Memorial Fund Reaches One-Third Of Goal

SEVERAL RECENT contributions of as much as $100 each have helped the Paul W. Bryngelson Memorial Fund to reach the $5,000 mark, according to G. T. Orr, local head of the Fund. This is one-third of the minimum amount it is hoped can be raised in this area.

An example of the way in which local groups and individuals have opened their hearts and their purses to help the polio-stricken widow of the late Rev. Bryngelson, and their 11-year-old daughter, Mary Ellen, is a contribution of $100 from the teachers of the Mount Prospect public schools.

The Fund also gratefully acknowledges the gift of $100 from a prominent druggist in Mount Prospect.

Other methods undertaken to swell the total was a buffet supper given by a member of Mount Prospect Community Presbyterian church, served by Mr. Bryngelson until his unexpected illness and death on April 17. The hat was passed among neighbors and friends attending and better than $65 was realized for the fund.

The above illustrate how contributions have come from both members and non-members of the recently-established church. The welfare of the Bryngelson family has become a matter of interest to the entire community, according to Mr. Orr.

Although the response has been generous and heartwarming, there still remains two-thirds of the way to go before $15,000 is reached. Every dollar raised by the fund here will be matched by the Board of Pensions of the Chicago Presbytery and used exclusively for Marion Bryngelson and Mary Ellen. Donations may be made to the "Bryngelson Memorial Fund" and sent to the Mount Prospect State Bank, which is serving as custodian.

Meanwhile, Mrs. Bryngelson from her rocking bed in the home on N. Main st., faces the future with undaunted courage. A housekeeper has been engaged and was expected to arrive on Wednesday of this week. Mary Ellen was looking forward to having as her companion the three-year-old daughter of the widowed housekeeper.

Although paralyzed from the shoulders down, except for the limited use of one hand, Mrs. Bryngelson painstakingly penned a letter to the members and friends of the church, thanking them for their aid and re-affirming her faith in the future.

She plans to remain in Mount Prospect, for she thinks the town is delightful; she says she has spent some of her happiest days here. Details for this arrangement are now being worked out by members of the church and the Chicago Presbytery.

Final Report Of March Of Dimes Up 27 Per Cent

The 94 suburban communities participating in the 1954 March of Dimes in Cook county raised a total of $343,231.99 during the month-long campaign in January.

Charles J. Murphy, Oak Park postmaster and chairman for the sixth successive year of the campaign's county communities division, reported the division total which showed a 27 per cent increase over last year's figure. He said the total amount includes $97,871.83 raised in one-night Mothers' March drives held in some 55 suburbs as a climax to the polio campaign.

The total amount raised during the March of Dimes campaign was $1,251,285.35, an increase of $123,008.36 over last year. This is the largest amount ever raised in a March of Dimes campaign by the Cook county chapter of the national foundation for infantile paralysis.

New Requirements Of Subdivision Developers

Enforcement of a recent County Board ordinance designed to minimize sewage disposal problems in unincorporated areas of the county has begun. The enforcement program is being carried out by the county health department in cooperation with the county map department, county health director Dr. John B. Hall has announced.

Dr. Hall reported that his department and the map department have developed procedures for testing soil to determine its suitability for septic tanks. These tanks require soil capable of absorbing excess moisture not handled by the tank. Under the new ordinance — passed under authority given the county by a recent state law—subdivision developers are required to submit reports of soil percolation tests to the health department.. These tests must be made by registered engineers.

The county board requires subdividers to post bonds as assurance that the water supply and sewage systems projected on the plat submitted to the map department will be installed. A resolution requiring such a bond is now being drawn by a county board subcommittee for presentation to the board.

THE FENCE POST

Safety In Arlington

We, of the Arlington Heights Lions Club safety committee wish to express our grateful appreciation to Paddock Publications, and to all others who contributed to the successful operation of our Safety Lanes last week.

In addition to the Paddock organization, the cooperation of area automobile dealers, and their skilled mechanics, of Mayor Albert W. Goedke, president Arlington Heights village of trustees, chief of police Carl H. Skoog, and his department, fire chief Elroy J. Winkelman and his department, and the Arlington Heights scout groups was invaluable.

In this, the first year of free safety lanes inspection. at least one of every six cars licensed in Arlington Heights was driven voluntarily to one of the lanes. A significant number of those vehicles, not receiving a safety sticker the first time through, was returned the next evening with the defect corrected. We also wish to thank the automobile owners of our community for their interest in our service project.

Our plans call for continuing emphasis on vehicle safety and we are sure we may count on the motorists of Arlington Heights for increasing participation in this effort.

Once again, many thanks, and assuring our whole-hearted cooperation in our communities welfare, and safety, we are,

Arlington Heights Lions
Club Safety Committee
Oscar E. Johnson,
Chairman

COMMUTERS' WIVES

Why can't something be done about the people who drive up to the parking lots in the morning, park there and prevent other cars from driving thru the lot. Every morning when we try to drive into the lot there are cars parked there waiting for the trains to to come and it is impossible to get thru.

If they want to sit in their cars, why not get out of the way for other people who are desirous of driving through trying to find a place to park. This is very annoying and it is the same people every morning who park there. Can't the police patrol the lot for a few mornings telling the people to either drive on or get out of their cars and wait for their trains?

Cooperation

Last night the Office Management Association of Chicago was awarded grand prize in the International Publicity Contest, sponsored by the National Office Management Association.

Our publicity scrapbook contained many articles from the Paddock papers, which made us all realize the important part you played in helping to bring this honor to the Chicago chapter. For your cooperation we wish to express our sincere thanks.

We hope that our activities in the future will continue to be of interest to you, for we look forward to working closely with you again next year.

Memorial Day

Memorial day is Sunday, May 30, this year but will be observed Monday, May 31, by the Arlington Heights veteran organizations, business men, industrial firms, public and parochial schools, and other organizations in a proper manner.

Memorial day is set aside to honor the deceased men and women who have served in the armed forces of our country. They have worked, fought, and some have died so we are able to observe days like Christmas, Easter, Labor day and other days the way we see fit and proper.

We wish to ask everyone to display the American flag outside of your home on Memorial day. Flags may be purchased from the Arlington Woman's club by calling Mrs. C. Hendrickson at CLearbrook 3-1351.

To Vote On New School In Glenview

The board of education of district 34 in Glenview passed a formal resolution calling an election Saturday, June 5, on the construction of a new school in the Park Manor area.

Proposition I on the ballot will ask for voter approval to purchase the site for the school at an estimated cost of $30,000. The second item on the ballot will ask residents of District 34 to authorize construction of the school building. Proposition III requests authorization of a bond issue in the amount of $355,000 for purchase and construction of the school.

Recommend Purchase Of Land For Off-Street Parking In Barrington

A recommendation that Barrington take steps to acquire land for off-the-street parking space for 100 automobiles was made to the board of trustees by a sub-committee of the mayor's general committee of citizens appointed to study parking and traffic problems.

Summer School Sessions For Children Of Migrant Families

Each year by April or May, millions of American families are making their summer vacation plans. Whether or not it's a trip to the mountains, to the seashore; north or south, east or west; a several-week trip or just daily jaunts to a nearby city or adjacent woodlands, the planning is primarily for pleasure.

Not so, however, is the summer planning in the homes of the Mexican-Americans in Texas. The father who earns his living as a migrant farm worker has his busy seasons in summer and fall, harvesting vegetables, fruit and finally cotton. He travels from one harvest area to another and takes his family with him.

Most of these migrant families who come to this area were born in Texas. They travel northward on their summer treks, to the Rocky Mountains and to the Great Lakes area and then back to the southern cotton states.

Many of these families seldom if ever left Texas until the past six or seven years. Texas still has the same work in vegetables, fruits and cotton, but there are so many illegal immigrants or "wetbacks" from over the border that these Texas-Mexican people find it impossible to earn enough to support their families.

Each year the Illinois harvest brings into our state between 8,000 and 10,000 agricultural migrants. Migrant projects have been established in the following communities in Illinois: Aurora, Centralia, Des Plaines, Hoopeston, Milford, Rochelle, Rossville, Lanark, South Holland, Lansing, Chicago Heights, Princeton, Morris, Eureka, and Paris.

Here in our Mt. Prospect area the migrant families started to arrive in April. Many of these Texan-Mexican children are attending the Elk Grove public school, which already filled to capacity, makes room for these extra children for whom an additional teacher was hired in April.

These migrant children and their families will be contacted by the two social workers hired through the Illinois Council of Churches to work in the annual summer session of the school sponsored by the Northwest Suburban branch of the American Association of University Women.

In 1953 almost 250 children were enrolled in the Migrant school whose main purpose is education and Americanization. The program includes the teaching of English and fundamental health and cleanliness habits, handcraft lessons, music and playground activities.

The 1954 school will be the A.A.U.W.'s seventh summer session. Extensive plans are now near completion for another anticipated successful migrant school.

JUST AROUND THE CORNER

FROM PATTY McARDLE

Dear Peg:

Isn't it a strange sensation, when you have been away from your home for awhile, to walk in and feel the heavy silence of unused rooms in which everything, for a brief moment, seems so unfamiliar. It's almost as if you were looking at someone else's home, until the children run into the living room and drop their books and dolls on the uncluttered floor and spotless carpet and with a few, quick unexplainable movements, release each piece of furniture from the confinement of its too perfect angle in the room.

I thought, as I watched objectively the awful orderliness of the room being happily destroyed, that pieces of furniture and bric-a-brac in one's home have no personality of their own at all. Only when the family who loves them is at home and using them in their every day living do they have a personal quality.

* * *

IT WAS ONLY A SHORT TIME, however, before our apartment became quite familiar again. Megan and Bridget turned on the television and I started covering the top of the bed in our room with little pieces of sorted clothing from our three big suitcases.

Now, how could it be, when I so dutifully kept things laundered at "Nana"s" house, that I accumulated such a big pile of soiled clothes in just the last two days of our visit? And why is the task of unpacking so much more difficult and time-consuming than the packing, when it involves exactly the same clothes?

* * *

IN THE MIDST of my sorting and contemplating, I suddenly was aware of the sound of noisy birds somewhere very nearby. Such a racket! I went to the window and looked out, but saw no sign of chirping birds. In fact, when I stuck my head outside the fussing wasn't as loud. "Well," I thought, "the birds are either in my belfry or somewhere in the apartment." To my relief, Megan called from the living room, "What's that noise Mother?" Just to be sure, I asked casually, "What does it sound like, dear?" "Like birds chirping." Since they weren't in my belfry, I went off to find out where they were.

It didn't take long to locate the spot from which all the bird talk was coming. For some reason there is a tiny door at the base of one of our walls that opens out to the space under the eaves. As I looked out through it, I could see the edge of a nest full of big baby birds. I was certain, from what I could see of the size of them, and the frantic flying back and forth of the mother, that "Mama" was coaxing her brood to fly and they were arguing that a third story was no place from which any bird without a parachute should be expected to make his trial flight.

* * *

MEGAN AND BRIDGET came running down the hall to see what I had discovered. We all watched quietly until Bridget wanted to climb out for a closer view of the birdies. Her protests, as I shut the tiny door, drowned out the birds and to my relief, the shrill ring of the telephone near us drowned her out and up she jumped to follow Megan to the phone.

I could tell from Megan's happy conversation that Daddy was on the other end. Knowing that Bridget was next in line, I sat down to wait patiently. As soon as Megan had related the highlights of her Indianapolis visit — Dottie and Debbie had chicken pox, "Nana" let her pick flowers at the cottage, we had a chocolate soda in Kentland on our way home this afternoon—she released the phone to Bridget who, from the sound of her voice, was obviously reiterating all that Megan had said. Finally I was allowed to speak.

* * *

A TELEPHONE conversation is so unsatisfactory when you are speaking to your husband for the first time after being away for over a week — you can't start telling him all about the trip since he's still in the office and besides it's a toll call, so you say nothing more than you are home, all is well, there are some birds in the apartment and you'll see him tonight.

My love,
Patty.

QUITE CONTRARY

BY MARY

The wise old owl who said that one is as old as one feels knew whereof he spoke. Through our small fries' eyes we evidently look as though we are about to fold our tent and steal away.

They very often ask us how things were in the old days and we are tempted to reminisce about the days of Lincoln and the great Civil War. However, we do not like to lead them astray so we talk knowingly of World War I and the League of Nations. This is almost as bad. They figure we are part of history.

This attitude is crippling and we find ourselves hunting for that old rocking chair that is supposed to get us. Yet, there are times when we don't feel a day over a hundred so we rush out to the tennis court and flap around there for awhile. After one set, we are only shaking like a leaf and just completely breathless. The young may be right. Where did we put that knitting?

Speaking of history, we wonder if this is truly the worst time the world has ever known or if it just seems that way. It is too true that the atomic age is with us. We seem to be threatened both from within and without. We are inclined to worry about what is going to happen and yet, hasn't it always been thus?

There were those during the Revolutionary war who were sure that the British would wallop the stuffing out of us. There was great fear during Civil war times that the country could never be united again and that the south wouldn't amount to a hill of beans.

During World War I, everything and everybody with a German twang was shunned and even maligned. And, goodness gracious, during the last war, there was no end to the list of hate producers.

One of the strangest was that first we hated Russia, then she joined us, and we loved her as a glorious ally. Then came Korea and several other things, so we are at the hating stage again. Rightly too, we guess. But we could wonder what history has in store for us this time.

After all, with the type of weapons we have now we can be sure that if there should be another war, the one after that will be fought with sling shots.

Wouldn't you think that somewhere along the line the boys in the back room would figure out that war doesn't pay?

4-H'ers Learn About Metal Roofing At School

A training school for 4-H members enrolled in the 1954 metal-roofing project was held at the farm of C.W. Engelhardt, Route 42A, ½ mile north of junction of Route 6 and 42A, Thursday, May 13. 4-H Club members received instruction in the care and maintenance of metal roofing. They repaired and painted a section of the roof, and grounded it for protection against damage by lightning.

In their discussion of problems related to the care and maintaenance of metal roofing, J. W. Campbell, extension agricultural engineer, University of Illinois, and Wayne Maley, American Zinc institute, stated that:

1. **GALVANIZED,** lead-headed screw type nails are recommended for attaching metal sheets securely to roof sheating.
2. Metallic zinc paint gives excellent service on old and new galvanized roofing. Two coats properly applied, should last from 10 to 12 years. The second coat should be applied within four years after the first. Aluminum paint should not be used as a first coat over rust.
3. The life of galvanized sheets depends primarily on weight of zinc coating. "Seal of Quality" galvanized sheets, having a minimum coating of 2 ounces of zinc per square foot, will provide many years of rust-free service at small extra cost.

* * *

4. **GALVANIZED** sheets should be stored on end in a dry place to prevent "White 'rust" from forming.
5. Sheet metal screws can be used for fastening sheets together where there is no wood to nail to, and for sealing small nail holes.
6. Asbestos wicking can be used as a gasket in the side laps, on old, flat-pitched roofs. Never use more than two strands.

Foot Rot Cure

There's a new, quick cure for foot rot in cattle and sheep. J. O. Schnautz, Oregon State college veterinarian, injects 300,000 units of penicillin for each 100 pounds of body weight, reports Capper's Farmer. One injection as soon as lameness occurs will give a cure in a week or less.

Empty Stalls Can Sometimes *Increase* Dairy Profits!

- Illinois DHIA records show that in a 10-cow herd, 8 profitable cows returned $511 profit.
- Two unprofitable cows caused a $145 loss.
- Two empty stalls would have earned $145 for the owner.

LAW on the FARM

Restricting the Use Of Country Roads

With spring here local officials are once again confronted with the problem of keeping county and township roads and bridges passable. Illinois law permits local road officials (through resolution or ordinance) to prohibit the operation of vehicles or place limitations on the operation of trucks, or impose limitations as to weight, on designated highways within their jurisdiction. Certain restrictions, such as those on oiling, cannot be imposed for a period longer than 90 days in a calendar year, but other types of restrictions may be imposed permanently.

There must be some reasonable basis for this restriction, such as deterioration, rain, snow or other climatic conditions which would result in serious damage to the road if it were used fully during the restricted period. Restrictions in the ordinance or resolution must be erected on an appropriate sign at each end of the portion of any highway affected.

* * *

BRIDGES MAY also be posted. A bridge is a part of the highway, and reasonable weight limits may be imposed by ordinance or resolution.

In addition to this authority granted local law-enforcing officers, it is a duty of the state highway police to patrol the public highways and to make arrests for violations of these provisions.

It is a misdemeanor for any person to violate these regulations and a conviction carries a fine of $1.00 to $100, with greater fines authorized for subsequent convictions within one year thereafter. A violator is also subject to a civil action for damage to the road, and this action may be brought by the authority in control of the highway.

Use Heavy, Deep Legume Roots To Improve Subsoils

Legumes and grasses with heavy, deep-growing root systems improve the fertility and drainage of your subsoils. These roots add needed organic matter to the subsoil.

Some legumes and grasses have heavier, deeper rooting systems and supply more organic matter to the subsoil than others, says Carl F. Mees, Cook County farm adviser.

Tests at the Wisconsin agricultural experiment station show that alfalfa produces twice as much organic matter below the ground as red clover does. Alfalfa seeded in April grew more than four tons of roots by October of the following year, while red clover produced just over two tons during the same period.

Bromegrass produced more than 4½ tons of roots per acre, while timothy grew only 1¾ tons.

Most of the red clover and timothy roots were found in the top eight inches of soil, but alfalfa and bromegrass root systems were much deeper. Slightly more than half of the alfalfa and bromegrass roots were found in the eight-inch surface layer. Bromegrass roots grew nearly three feet deep, and alfalfa roots reached a depth of four feet.

In addition to producing a heavier growth, the roots of brome and alfalfa grow deeper and add organic matter to the deeper layers of subsoil. This improves fertility, tilth and drainage.

Timothy and red clover must depend mainly on the water and plant food supply in the eight-inch surface layer. Alfalfa and bromegrass, because of their deep-rooting habit, are able to draw water and plant food from the subsoil as well as from the surface layer. This ability to tap the subsoil for water and plant food accounts for the ability of these crops to withstand dry weather.

Any Poisons On Your Farm? Here's How To Avoid Them

Here's a list from the University of Illinois college of veterinary medicine of things to do to help you prevent livestock poisonings this spring:

Cover your salt troughs. Salt brine is poisonous to swine. Pick up your old nitrate fertilizer sacks. Cattle can be poisoned if they chew on them.

Keep rat poisons and grasshopper baits out of reach of livestock as well as children.

* * *

DON'T FEED SEED grain that has been treated with mercury or arsenic compounds.

Check with your veterinarian before you put your animals on pastures you have sprayed with weed killers like 2,4-D and 2,4,5-T. These chemicals can cause changes in some plants that will make them poisonous.

Use the wettable powder forms of lindane, chlordane, methoxychlor or DDT as livestock insecticides. The oil forms are poisonous.

* * *

KEEP YOUR ANIMALS off fields that you have sprayed with new organic phosphate insecticides (like parathion) for a few days.

Use non-lead paint on your barn, fences and gates to avoid lead poisoning. Keep livestock away from surfaces painted with lead paint. Pick up your paint buckets and old batteries so that your cattle can't get at them. Keep livestock out of the orchard while you are spraying with lead arsenate, and don't let the chemical collect on grass or ponds.

Use lubricating greases that don't contain chlorinated naphthalenes. These chemicals can cause hyperkeratosis (X-disease) in cattle.

Deadline Near For Contest In Soil Conservation

There are farm operators in North Cook county doing an outstanding job of farming by using each acre according to its capabilities, and as a result are improving the appearance of the farm as well as improving the standard of living for their family.

The North Cook county soil conservation district wishes to recognize those farmers for their outstanding job by participating in the "Save Your Soil for Illinois" contest, said Emil Hattendorf, chairman. He also indicated owner or tenant operators may qualify for the governor's trophy by entering at the farm bureau of soil conservation district office, Arlington Heights, by June 5.

* * *

THIS CONTEST is not confined to district cooperators, but is open to every farm operator in the county. Contestants will be judged on the following basis:

1. A well organized plan of farming operation.
2. Progress made in the establishment of soil conservation practices.
3. Neatness and general appearance of the farm.

The North Cook county winner will be entered in competition with entries from DeKalb, Kane, Boone, McHenry and Winnebago counties. The above northeast land use council winner will compete with fourteen other council winners during the Illinois state fair for the grand award and state title of state conservationist.

Chickens On TV

Ralph Theis, veteran Kane county poultryman, and his wife, Margaret, will be featured on "Farmtown, U.S.A." Sunday, May 30. Several of their six children also will be guests.

The 30-minute TV show will explain the broiler operation on the 150-acre Theis farm. The family tends about 2,000 birds in a year-round operation.

Theis specializes in the White Rock breed of chickens He also has a herd of 26 Holstein dairy cows. Winner of the 1953 Kane county soil conservation contest, Theis competed in the state event that year.

George Hawkins, poultry specialist with Illinois Farm Supply company, is another guest who will give timely tips on the feeding and care of poultry. Farm Supply is an affiliate company of the IAA, the statewide farm bureau organization.

"I couldn't believe my eyes"

"There's no tractor to compare with it"

These are words of WD-45 Tractor owners.

From coast to coast, farmers who own the WD-45 are praising the performance of this great new tractor. And there's no doubt about the reasons for such high praise — it's performance . . . and price!

The new POWER-CRATER engine gives you the power you've always wanted. This mighty power plant plus AUTOMATIC TRACTION BOOSTER lets the WD-45 pull three bottoms almost effortlessly through fields often considered impossible to plow.

And conveniences, like SNAP-COUPLER, POWER-SHIFT wheels, and TWO-CLUTCH POWER CONTROL add up to a tractor that's unmatched in features and performance . . .

One demonstration will prove it. And the price will save you hundreds of dollars. Let us show you.

SNAP-COUPLER and POWER-CRATER are Allis-Chalmers trademarks.

Develop Pullets into Profitable Layers!

ARCADY GROWING MASH

- Boosts Egg Laying Capacity
- Stimulates Early Production
- Encourages Uniform Growth

Now you can push your young pullet flock into mature layers at an earlier age. Introduce Arcady Growing Mash in your ration when the birds are 6 weeks of age.

Arcady Growing Mash is a specially formulated ration that provides your young chicks with the proper combination of minerals, vitamins and proteins that are needed during the critical growing stage—from 6 weeks to production time.

This highly fortified feed helps pullets form mature egg laying tracts at a younger age, Your flock will start producing earlier than you dreamed possible . . . giving you early returns on your investment.

Start cutting egg production costs during the chick growing period. Get your supply of Arcady Growing Mash from us today!

More Bales Per Acre

The average increase in hay yield in Indiana from spittlebug control with BHC is 15 bales an acre, say Purdue university entomologists. Equally spectacular results are obtained by controlling leafhoppers with methoxychlor. Growth increases range from 6 to 18 inches, however the greatest benefits come in higher feeding value of the hay, plus less winterkilling and longer life of alfalfa stands. — Capper's

- Contains up to four times as much nitrogen as other forms of nitrogen fertilizer. Based on cost per unit of nitrogen, ANHYDROUS AMMONIA is the least expensive source of nitrogen.
- Resists leaching — combines immediately with soil and stays with it.
- Saves labor and time — no heavy sacks to lug or irritating dust to breathe.
- Inserts 4 to 8 inches deep in soil — below root level for most weeds.
- Encourages deeper root systems for protection during drought seasons.
- Increases organic matter in the soil.
- Higher protein content in your corn — increases feed value.
- Available immediately after application — you don't need a rain to dissolve and make available.

Applied any time — preplant — postplant — or any time the soil can be worked. Applied by pump-type machine for most accurate distribution per acre.

Keep Poultry Range Clipped This Summer

Pullets will make the best use of range this summer if you keep it clipped. Don J. Bray, extension poultry specialist at the University of Illinois college of agriculture, says pullets are too small to make the best use of range pasture while the grass is short and young.

* * *

UNLESS YOU CLIP the pasture, the grass may get too tough and tall for the pullets to make the best use of it when they are older and larger.

Clipping keeps young sprouts coming along that pullets will eat. Eating grass saves expensive supplement at the feed trough.

* * *

AS YOUR PULLETS grow older, they will need more feed and water, Bray reminds. If your birds seem the least bit crowded around feeders or waterers at any time during the day, get more equipment and give the pullets some extra space for eating and drinking.

Good Farmers Aid The Industrial Growth In U.S.

High standards of efficiency on U.S. farms have helped America develop into a mighty industrial nation. So concludes the Federal Reserve bank of Chicago in a study of agriculture and the economy, published in its current monthly review.

Back in Captain John Smith's day, 3½ centuries ago, virtually every able-bodied man was a tiller of the soil. Today, the bank observes, one U.S. farm worker produces enough to feed 25 people, five times the current world average.

* * *

THIS SUPERIOR efficiency enables nine out of ten persons in the nation's labor force to work at nonfarm jobs. Here they can produce the machinery and equipment so essential to an expanding industrial nation. Other countries with less efficient methods of farm production have had fewer workers and less financial resources to devote to such development.

The shift of U.S. labor into nonfarm jobs has meant for the most part the movement of people away from farms to cities. As farmers switched from horses to trucks and tractors and other types of power equipment, a smaller number of workers were needed on the farm Currently about 15 per cent of the population lives on farms, whereas in 1929 this figure was 25 per cent.

Roselle Sire

The registered Guernsey bull, Kenfleur's King Crescent, owned by W. H. Odlum, Roselle, has just become a nationally recognized sire, according to an announcement from the production testing division of the American Guernsey cattle club.

This sire's first five tested daughters have five actual official records that average 9,981 pounds of milk and 509 pounds of butterfat.

His top daughter, Rosewood Crescent's Diadem, has a record of 12,098 pounds of milk and 692 pounds of butterfat, on two times daily milking, made as a junior three year-old.

Complete official information is now available from the American Guernsey cattle club so that a thorough study of the transmitting ability of this sire can be made.

Truss Roof Provides Clear Floor For Machine Storage

Good farm machinery storage permits easy access and storage of complex modern farm machinery, says Carl F. Mees, Cook county farm adviser.

This midwest plan, No. 74140, is one of several designs recommended by the agricultural engineering department at the university of Illinois college of agriculture. It provides easy access and lots of clear floor area for storage, Mees says.

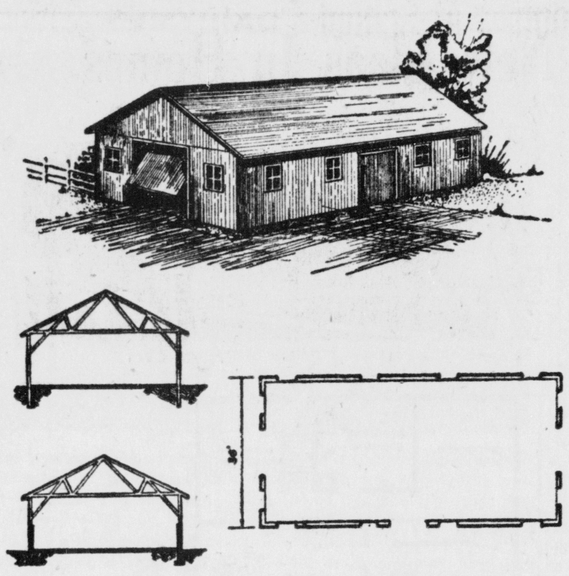

* * *

THE PLAN is for a central drive-through type of building with a truss supported roof. Trusses are designed for 32, 34 and 36 foot spans to allow you to choose a size that will fit your own machinery storage needs.

Engineers generally recommend the 36 foot width, as it provides good clearance for the central driveway when you want to store your equipment along both walls. Details for either frame or pole construction are included in the plans.

* * *

WHEN YOU CHOOSE a plan for machinery housing you need to consider both the space requirement and the schedule of usage for each piece of equipment, Mees points out. You'll want the building convenient to the service area of the farmstead,

to driveways and to lanes leading to fields. Allow space for future expansion if you need it.

Plan 74140 is one of 12 farm machinery storage, shop and garage plans included in a set of 16. Write to the College of Agriculture, Urbana for a copy of Circular 702, "Farm Machinery Housing."

Warn Wheat Farms On 1954 Purchases

Each person who buys wheat from a producer during 1954-55 is liable for the amounnt of the marketing quota penalty due on "excess" wheat of the 1954 crop, Lester E. Leigh, chairman of the state agricultural stabilization and conservation committee, pointed out.

Since marketing quotas are in effect for the 1954 crop, farmers who do not comply with their farm wheat acreage allotments (or permitted acreages) become subject to a lien on their crop until the marketing quota penalty is paid.

* * *

"WHEN ANYONE purchases wheat from a producer, he should be certain that such producer is eligible to sell his wheat," Mr. Leigh declared. "He should, therefore, request the producer to present a wheat marketing card or marketing certificate at the time the wheat is offered for sale.

"Failure to present a marketing card or certificate at the time of sale will be evidence that the wheat is not clear of lien for the penalty, and the buyer will be held responsible for the lien the same as he would be for purchasing wheat with any other lien attached."

* * *

THE BUYER MAY, however, protect himself by deducting the penalty from the price paid for any wheat which he purchases and for which the producer cannot furnish a marketing card or marketing certificate. He also has the same type of protection in purchasing wheat from an "intermediate buyer".

Those buyers who purchase wheat from anyone other than a producer or intermediate buyer will not be held responsible since the first purchaser of the wheat is liable for the total amount of the penalty unless a marketing card, a marketing certificate, or an intermediate buyer's record and report showing satisfaction of the penalty is presented at the time of purchase.

Seed Around Farm Ponds To Stop Erosion

Bare soil around your farm pond should be seeded with grass to protect the slopes from erosion and to keep the pond from filling with silt.

B. A. Jones, University of Illinois agricultural engineer, points out that dry weather last fall caused seeding failures at many newly constructed farm ponds. And in some cases farmers felt that it was too dry to even seed.

* * *

JONES OFFERS these suggestions for getting a good stand of grass on the earth dam and on the area around your farm pond:

Prepare a good seedbed. Apply 8-8-8 or 10-10-10 fertilizer at a rate of 400-800 pounds per acre. A 50-50 mixture of timothy and redtop at 24-30 pounds per acre is recommended for most of Illinois. But brome grass, tall fescue or perennial rye grass also may be used.

If cattle are in the same field, fence the area around the pond to establish and maintain a good sod.

If the first seeding doesn't catch, Sudan grass will make a good temporary sod. Seed Sudan at the rate of 25-30 pounds per acre.

Visiting Foreign Farm Delegates Now In Illinois

Miss Erika Lubbert, Neustadt, Germany, will spend the next two months on Henry county farms as an international farm youth exchange delegate.

She is the first of several foreign young men and women who will live with Illinois farm families this summer, says E. I. Pilchard, chairman of the state IFYE committee. In the other half of the exchange, young people from Illinois will go to Europe and South America this year to live and work on farms in those countries.

Four young farmers from India were due in Illinois May 16 to live for three months on farms in Bond, Livingston and Carroll counties. Another group of five Indian delegates will also come to the state for the following three months.

Miss Lubbert comes from a 175-acre farm in Germany whose main crops include seed potatoes, sugar beets, vegetables and grain. The family also raises 50 head of cattle. She has been a member of the German Farm Youth Organization since 1949 and has been chairman of county and district committees for girls' work.

On June 28 she will go to Idaho for two months. She is scheduled to return to Germany on August 27.

Pullet Sun Porch

Early spring poultry housing can be increased by joining brooder houses with range shelters. Before time to shift pullets to range, join several brooders with shelters, suggests Capper's Farmer. Narrow board runways permit pullets to have free run to sun porch on warm, sunny days. Should temperatures drop, close off runways.

Price Supports On Feed Grains Gaining Favor With Farmers

A significant shift of opinion in favor of price supports on feed grains, cattle and hogs, was revealed in recent surveys of Iowa and Northern Illinois farmers, results of which have just been released. Opinions favoring supports increased substantially between April, 1953, and January, 1954.

The number of farmers favoring supports for feed grains rose from 44 percent to 68 percent in the nine-month interim.

In analyzing the opinion shift, it was reported that feed grain prices were comparatively stable during the period between the surveys. However, there may have been a lag in farmers' reactions to the price declines that occurred earlier which caused opinions to shift in favor of supports.

* * *

A MAJORITY of the farmers surveyed in January opposed price supports for hogs. However, 42 per cent favored supports in January while only 30 per cent were in favor nine months earlier.

Aside from seasonal changes, hog prices reflected an upward trend during the period covered by the surveys. The farmers who changed their views in favor of supports may have been concerned about the future when larger supplies are expected to reach the market.

Farmers were evenly divided on the question of cattle price supports in January, 1954. However, only 36 per cent favored price supports at the time of the first survey, while 48 per cent were in favor nine months later.

* * *

LOOKING AT the cattle picture, the analysts point out that prices declined sharply just prior to the first survey, the effects of which were felt by farmers later when they moved their animals to market.

Studying the changes in the two areas, the results reveal a greater shift in the opinions of Northern Illinois farmers toward cattle price supports than in Iowa. The increase in Illinois amounted to 26 percentage points, and in Iowa only 10 percentage points.

In January, the farmers were questioned on their preference of various methods for establishing corn acreage allotments on individual farms. The replies indicate that 30 per cent prefer past acreage records; 20 per cent prefer soil erosion potential, and 32 per cent prefer a combination of the two methods. The remainder either were undecided, or suggested other methods for controlling corn acreage.

Watch Out For Parasites On Your Pigs That Slow Growth

Parasites that dine off the living flesh of your pigs slow up growth, make pigs unthrifty, cause inspectors to condemn carcass parts, and rob you of profits.

These hidden enemies are the large roundworm and his tribe. When they lurk around your hog pens, you're the loser.

A department of agriculture test, in which four pairs of worm-free litter-mate pigs were housed separately at weaning, shows how roundworms can hamper pigs.

* * *

ONE OF EACH pair was fed roundworm eggs at two intervals during a 38-day period after weaning. All were kept under observation for four months then were weighed, slaughtered and examined for worms.

Capper's Farmer reported these startling growth figures which emphasize what worms can do to your pigs and your profits: Of the worm-infested pigs, one harbored 12 worms and gained 92 pounds; another had 20 worms, made 60 pounds gain; a third, 39 worms, 49 pounds gain; the fourth, 109 worms, 9 pounds loss.

Their worm-free litter mates gained from 94 to 109 pounds in the same test period.

* * *

LOOK AROUND your pig pen. That big husky pig may have no worms. The little fellow half his weight may have 40 or more.

Advantages of controlling roundworms were demonstrated in an extension project among McLean county, Illinois, hog raisers 30 years ago. The program is as sound today as it was then:

1. Clean farrowing pens thoroughly, then sterilize them with live steam or scrub them with boiling lye water.
2. Scrub the sow with warm soapsuds just before she is penned.
3. Haul (never drive) sows and pigs to clean pasture in clean crates.
4. Until pigs are 4 months old, keep them on ground that hasn't had hogs on it for 3 or 4 years.

Home Bureau Members Hear Mrs. Upham May 19

Mount Prospect unit of Home Bureau met Wednesday May 19, at the home of Mrs. W. Lessmann.

Mrs. Lambert assisted in serving of dessert luncheon to 20 members and guests. Feature of the afternoon was a duscussion entitled, "Minding Your P's and Q's in Buying," given by the Cook County Home adviser, Mrs. Claradehl Upham. Using a large assortment of egg beaters to illustrate her points, Mrs. Upham pointed out the folly of "flash" buying and the importance of the individual needs of the buyer.

The unit has been occupied during the past month with several "bee hives," or work sessions. Some attractive jewelry is being worn as a result of an afternoon of beading at the home of Mrs. C. Oscarson. Mrs. C. Linscott was hostess May 17 when the group received instructions in making macrame bags. The group will meet again June 2 at the home of Mrs. W. E. Bolsinger and learn uses of the Florentine stitch and attractive gift wrapping.

Mighty Mites Growing Fat On Evergreens

Mites might be munching mightily on your evergreens! And if they are, now's the time to get rid of them.

These tiny but destructive pests, also known as red spiders, have eight legs and are so microscopic they are difficult to detect while indulging in their favorite pastime of sucking juice from leaves.

One way of finding out if they're around is to shake the evergreen tree while holding a large piece of paper under one of the branches. The mites will tumble out and can be seen moving on the paper if the tree is infested, according to Davey tree experts.

Their depredations will show up later in the flecked, rusty appearance of leaves or needles. Their favorite dining establishments would be too many to list. Red spiders feed on herbaceous plants and evergreens as well as on deciduous trees.

Mites are busy satisfying their appetites at this time of year. They should be killed before they can lay eggs for a new generation of pests.

Dormant or summer oil is effective against them. There are also several special chemical sprays designed for mite control. Number of applications depends somewhat on the weather. If it is hot and dry, more sprays are needed than otherwise.

Mites are not so often found on large healthy trees which have been sprayed for protection against other pests. But weaker trees, especially foundation plantings, can be severely harmed if the red spider isn't checked

Q. Is it proper to leave the little fluted paper containers around small cakes when they are served?

A. Yes, if they are not charred or greasy.

Patching Futile When Old Roof Starts To Leak

Roof leaking? A checkup may reveal signs of wear in your home brought on by age and rough winter weather. It could be expensive to ignore these warning signs.

The underside of roof deck boards should be carefully inspected for dampness. If the roof is old and leaky, patching is not the answer, because other leaks are certain to follow soon and water may damage the interior by seeping down through the walls and ceilings.

A new surface of durable asphalt shingles can usually be laid right over the old roofing for an economical job which retains the insulation value of the worn material.

Modern Etiquette

by ROBERTA LEE

A. Within two weeks. Failure to do so is a strong indication that the friendships are not desired.

Q. If you have seated yourself at a table in a restaurant and your waitress has poured water for you, than a friend invites you to sit at his table, should you take your glass of water with you?

A. No; she should have no more than one attendant at her second marriage.

Q. If a man at a luncheon should chance to meet a woman friend who is lunching at the same table, is he obligated to pay for her luncheon?

A. No; and the woman should not expect this.

Q. Is the typewriter now proper for social correspondence?

A. Yes, it is correct for many personal letters, especially long ones. Formal notes are preferably written by hand — and invitations (excepting engraved ones), acceptances, and regrets written in the third person must be handwritten.

Q. When salad is served with the main course at a dinner, does it have to be eaten with the salad fork, or may one eat it with the dinner fork?

A. Although the use of two forks is considered correct, you may use the dinner fork if you wish.

Q. If men are sitting near, should a young woman offer her seat to an old woman, when on a bus or streetcar?

A. If one of the men does not offer his seat, the woman should.

Q. Is it proper to call on friends who have recently moved into a new home, even though you have not been invited?

A. If you are sure they are well adjusted in their new home, it is quite all right to call on them. It might be well, however, to phone them first and ask if they will be at home at such-and-such a time.

Q. Several business girls I know ride on the bus in the mornings with their hair in pin-curls, combing their hair out when they arrive at the office. Is this proper?

A. No well-dressed or proper woman goes out in public with her hair in pin-curls.

Q. When a man is escorting two women to the theater, does he sit between them?

A. No. If he did, he could not talk with one without turning his back to the other.

Q. I should like to mail out announcements of my forthcoming marriage, but my parents live in another town. Since the announcements are issued in their name, should they be mailed from their town or mine?

A. The postmark is not important.

Q. I have noticed an ever-increasing use of profanity by both men and women, in the business world and socially. Is this practice more acceptable now than formerly?

A. Not at all! People of good taste, and certainly women, can surely express themselves without resorting to profanity.

College GIs Should Tell VA Of Address Change For Check

Korean GI bill veteran-students who go home for the summer vacation will get their final GI allowance checks on time if they follow two steps listed by Robert D. Beer, manager, veterans administration regional office, Chicago.

First, they should notify the VA regional office, 2030 West Taylor Street, immediately, if they're planning to change their address at the close of the school year; and,

Second, they should be sure to sign their final monthly certifications of training—a form required by law—before they leave school for the summer.

* * *

BY LETTING VA know of any change of address, veterans will eliminate one major cause of delay.

The reason is that the post office is not permitted to forward government checks from one address to another. If a check is mailed to an address at which a veteran no longer lives, it must go back to the treasury department, where it remains until VA finds out where to send it.

GI allowances for the month of May generally will not be delivered until some time in June, after most veteran-trainees who have been living on the campus have returned home for the summer. If they have notified VA of their change of address, they should have no difficulty getting prompt delivery of their checks, Beer said.

* * *

THE FINAL monthly certification of training, signed both by the veteran and an official of his school, must be received by VA before a check may be issued.

Usually the certification must be completed after the end of each month of training. Recently, however, VA put in effect a new speed-up policy, allowing vacation-bound veterans to fill out the forms on their last day of school attendance.

DESIGN FOR LIVING

Building - Remodeling - Improving

HOME OWNERS' QUESTION BOX

Q—My 10 year-old house has developed some floor squeaks in the living room. Is there a way to correct this?

A—One way is to drive wood wedges between the subflooring and the joists below it. To locate the squeaks, one person should walk across the floor and stand on the loose boards. From the basement, wedges can then be driven where the noise occurs.

Q—I am remodeling my home and want to put in windows that aren't likely to twist or warp. Are such windows available?

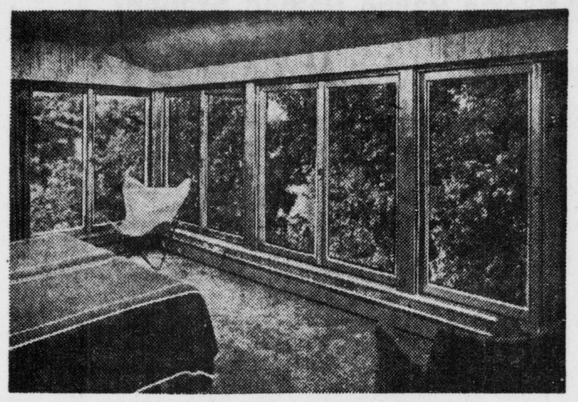

A—Yes. Ask for "treated" windows made of ponderosa pine. Manufacturers protect ponderosa pine windows from moisture by treating them with a water-repellent preservative chemical which reduces swelling, warping, shrinking, and rotting to a negligible minimum. Treated windows operate smoothly without sticking. The treatment does not discolor the wood. It serves as an excellent base for paint. The same treatment is used for exterior panel doors.

Q—My house has clapboard siding, and I am having trouble with peeling paint. What can I do to prevent this?

A—According to Prof. C. E. Lund, University of Minnesota, who discusses the problem in America Builder magazine, one remedy is to paint the interior surfaces of all exterior walls with a vapor-sealer paint. A rubber base paint or a paint with a high varnish content will provide a good vapor barrier. Before applying the finish coat, apply two base coats of paint.

Q—The plaster in my house is old and has become chalky. I would like to wallpaper a wall, but the wallpaper won't stick well. What can I do to correct this condition?

A—Shellac the wall first. This will harden the surface so that the wallpaper will hold.

The natural warmth of wood, as expressed in the sash and frames of ponderosa pine windows, is the key to the evident charm of this bedroom. When wood is given a natural finish, such as stain and varnish, the figure of the wood grain becomes part of the room's decorative scheme. An advantage of wood windows is that, regardless of the original finish, they can be redecorated at any time.

Here's How To Reduce Your 'Bay Window' Problems

Is your bay window showing? Is it standing between you and a home that has one of those "exciting concepts" the home magazines talk about?

The bay window was as popular in the early nineteen hundreds as the picture window is today. But somehow it doesn't suit the contemporary, or even near-contemporary, line of modern home design.

But if your bay window is troubling you, take heart. Here's an example of how not one, but two bay windows were adapted to the modern look in home exteriors.

* * *

THIS PARTICULAR home was two stories, with the roof overhanging the edge of the top story by 40 inches. There was a bay window at the side and another one in front jutting out on the front porch. The porch also had a roof with an overhang matching the one at the top of the house.

Here's the way a little "home surgery" worked miracles with this house. The front porch was eliminated entirely although the roof was left in place and extended around the side and over the bay window, so that it tied both the front and side bays together.

A small porch with railing was added at the side of the house, and the living room opened on to the porch through attractive French doors. The parrallel lines of the railing were extended around the front of the house with three courses of clapboard siding joined by horizontal batten strips. They looked like a continuation of the side railing. They also tended to minimize the protruding effect of the front bay window.

* * *

THE HEIGHT of the house was minimized by running the entrance step sideways and adding a trim railing which increased the value of the horizontal lines. Above the porch roof the sidewalls were refinished with colorful insulating siding panels in the gray shake shingle pattern.

Of course there were numerous little improvements ... a new front door, a light post in front, recessed lights under the porch roof, new shrubbery. They all added up to an appearance of smart individuality and proved that a reducing treatment on bay windows will definitely work.

Marjorie Payne Named Student Swim Instructor At Wittenberg

Election of Marjorie Payne, Mt. Prospect, to the presidency of the women's athletic association, one of the major elective posts on the Wittenberg college campus, was announced following recent spring elections.

Miss Ruth Helsel, head of the physical education department in which Marjorie is a major, reported she has been retained to teach a course in synchronized swimming next school year. Marjorie will be the second student instructor in the 108-year history of the Springfield, O., college campus. She is a junior there.

Marjorie was recently named Chi Omega representative in the student senate and served as acting secretary.

She wrote and directed a water ballet which was well received on campus and which was presented five times in other local pools. She has taken part in swimming meets at Michigan State, Kent State and Marietta college this year.

Other honors accorded the Arlington Heights township high school graduate recently have been: elected president of the synchonized swimming club; vice-president of the Phi Delta Pi; social chairman of Chi Omega.

An honor student, Marjorie has also taken an active part in work of the fine arts department, having exhibited at the Dayton art institute.

Her decorations won for her sorority the annual homecoming contest and her use of a Southern night theme in planning the motif for the junior-senior prom was enthusiastically received.

Marjorie is the daughter of Mr. and Mrs. Charles W. Payne, who moved away from the community in December. Mr. Payne has returned and is living with Mr. and Mrs. Arthur Dallia until the Paynes' own new home at 712 S. Hi-Lusi is completed.

As soon as their son, Gammon, is out of school in Evansville, Ind., Mrs. Payne will join her husband and daughter in their temporary home at 715 Kennicott Ave., Arlington Hts.

At DePauw

Jane Rowles, Mt. Prospect senior at DePauw Unifresity, has received the Frank T. Carlton award in economics at DePauw's annual recognition chapel in Meharry hall.

She is the daughter of Mr. and Mrs. John J. Rowles, 501 We-Go Trail.

The Frank T. Carlton award annually is presented to the best DePauw student majoring in economics.

Miss Rowles is a member of Delta Zeta social sorority, Alpha Lambda Delta, scholastic honorary for women, Mirage editorial staff, AWS, and YWCA.

At Northwestern

Richard Pokriefke, son of Mr. and Mrs. Ralph Pokriefke, Mount Prospect, received the Sigma Delta Chi Harrington Memorial award May 19. This award is made annually to the outstanding student of the year in the graduate class at Northwestern university's Medill school of journalism. Northwestern university chapter of the national journalism fraternity, Sigma Delta Chi, presents this award based on the scholastic achievement and the promise for success in the field of journalism.

Pokriefke received both degrees of bachelor of science and master of science in journalism from Northwestern university Medill school of journalism, Since January, he has been employed on the editorial staff of United States Savings and Loan League publications with offices in Chicago.

At Wisconsin

Ann Hollander, 714 S. Mitchell St., Arlington Heights, is among the women students of the University of Wisconsin who will participate in the 34th annual senior Swingout ceremony held on Lincoln Terrace in front of historic Bascom hall at the state university May 22.

The traditional Swingout ceremony, at which the outstanding women students of the UW are publicly honored and the graduating senior women bid farewell to their University, was one of a dozen events on the UW's annual parents' weekend program.

Miss Hollander was one of the line leaders in the Swingout ceremony.

Bensenville Music Student Wins 4-Year Scholarship

A 17-year-old Bensenville youth graduating in June from Maryville academy, Des Plaines, with the highest scholastic average ever attained there, has won a scholarship to DePaul University.

The Maryville academy development program awarded the full four-year scholarship to Donald Draganski, of Rte. 2, Box 59, Bensenville.

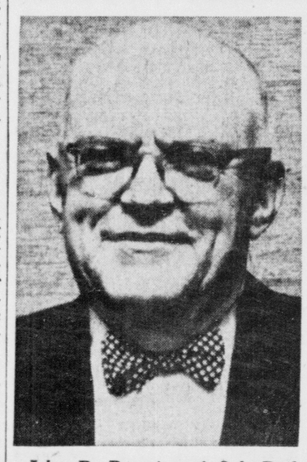

* * *

DRAGANSKI, who has composed music which has won the approval of music publishers, plans to enroll in DePaul university school of music to major in composition and piano.

He plays the bassoon in the Maryville academy band and also hopes to continue playing this instrument at DePaul.

The scholarship is part of the efforts of the Maryville development program to arouse alumni and public interest in the school.

Elected President Of Oak Park C. of Commerce

John P. Domeier of Oak Park and Aurora, president and chairman of the board of fast growing $37,000,000. Oak Park Federal Savings has been elected president of the Oak Park chamber of commerce.

Mr. Domeier has been a member of the chamber of commerce board of directors for some time. He was installed, along with Phil LaRocco as vice president and Thomas Spyrison as treasurer at the annual meeting at the Oak Park club Tuesday evening, May 18. With new civic plans for Oak Park and an increasing membership Mr. Domeier sees a tremendous year ahead for the world's largest village. It's fine homes, beautiful streets, fine municipal government and beautiful churches are among the finest in the world.

The new committee will be headed by Harry Bromfield, manager of Lytton's Oak Park store, long time resident, on the jubilee committee chamber board member and Steve O'Connor, well known in newspaper and advertising circles, Domeier added these two "are the best Barnum and Bailey boys in our midst."

Conduct Survey on Student Spending, Earning Habits

Illinois high school boys in the junior and senior year spend an average of $23.54 per week, according to a survey recently completed by the Distributive Education students in the state's high school.

This figure includes both their own and family funds actually spent by the students. Girls in the same classes spend on the average of $15.90. Freshmen and sophomore boys average $12.29; girls average $10.56.

Average weekly earnings are as follows: ninth and tenth grades, boys, $7.15; girls, $2.74; eleventh and twelfth grades, boys, $14.23; girls, $9.94.

* * *

THE SURVEY was conducted by 36 high schools in the state. The Distributive Education class of Arlington Heights high school, directed by Bruno Waara, participated in the survey. The survey was designed primarily as a teaching device, to help students understand the function of surveys in business and to teach mechanics and techniques of making surveys.

Each Distributive Education student was requested to complete the questionnaire himself and to secure completed questionnaires from two other members of each grade level in his school. This distribution of questionnaires would seem to give a concentration of working students and the survey is not presented as a statistically planned and conducted research project. However, it does present some figures of interest to businessmen.

AMONG THOSE surveyed, the following significant tendencies were noted; Window display and newspaper advertising were the most effective advertising mediums for all ages. Friends have a greater effect on buying decisions than do relatives or salespeople. Saturday is the most popular time for shopping, closely followed by afternoon and evening. Parking meters do not irritate students. Students express a strong preference for their own local shopping areas. Students usually pay cash. More than half of the students surveyed have savings accounts. Most of them are insured, average coverage more than $1000, but students do not pay premiums.

Monthly expenditures on clothing were $8.80 and $13.55 for boys, $10..07 and $11.98 for girls. About half of the money for clothing was supplied by the students.

At North Central

Marlene Hayes, Bensenville high school graduate attending North Central college at Naperville, has been elected president of the women's athletic association at the college.

At Beloit

Bob Virgil, 209 S. Main st., a sophomore at Beloit college, was recently appointed to the position of managing editor of the Round Table, student publication, for the coming semester. Bob has been active on the paper, holding positions of sports and news editors in the previous years. He is a member of Beta Theta Pi.

At New Mexico

Brooks Ambos Jr., son of Mr. and Mrs. Brooks Ambos Sr., Palatine, served as general chairman of the annual scouting exposition held recently at the State fair ground in Albuquerque, N. M. Brooks is vice president of Alpha Phi Omega, scouting fraternity at the University of New Mexico. He received his eagle award from post 109, Palatine in 1951.

At Monmouth

The Rho Alpha chapter of Sigma Tau Delta, Monmouth college, held it annual banquet Monday, May 10. Following the dinner, the members chose the winners of their annual freshmen writing contest. At this time Miss Barbara Rahn of 22 S. George St., Mt. Prospect, won second place with her story, "On Death's Doorstep".

Use Your Head

Chicago Motor club advises that minor, but costly accidents that occur in heavy traffic can be avoided if drivers will observe these rules: 1. Stay in your own lane. 2. Pace your driving with the traffic flow. 3. Keep your distance behind the next car.

Red Cross Meeting

More than 500 Red Cross volunteers and members are expected to attend the annual meeting of the Chicago chapter June 1 at 12:15 at the Palmer House, Samuel G. Creden, Chapter Chairman and vice-president of the Northern Trust Company reported to Mrs. Don M. Foster, of N. Bothwell st., Red Cross public information representative for Palatine.

A full report on the 1953-54 activities of the chapter will be presented and chapter officers for the coming year will be elected, said Mrs. Foster.

Newsstand Of The Week

Looking for a home in Itasca is the second activity of Mr. and Mrs. John Doll. Their first is operating the Itasca news agency, one of the 58 newsstands handling over 7,000 copies of Paddock Publications weekly.

Mr. and Mrs. Doll, though still living in Elmhurst, have been operating the combination news agency and supply store (school, toys, confections) at 105 West Orchard since September, 1953. Both Mr. and Mrs. work at the agency with women's intuition helping solve news delivery problems.

Mr. and Mrs. Doll also have a future helper in their midst, five-year-old Debbie. She often helps sample the ice cream and supplies in the store, but hasn't been seen reading any of the Paddock Publications as yet.

'Construction Service'
In order to eliminate the time-consuming job of obtaining bids on Sub-Contracting for Contractors, CONSTRUCTION SERVICE has been formed to aid the contractor in a ONE-STOP service. The office is centrally located at 11 South State Road, Arlington Heights. By bringing two or more sets of your plans to this office, it will enable you, as a contractor, to acquire bids on any one type or all types of construction. Allowing for a reasonable amount of time, the plans will then be ready for the contractor to pick up at 11 South State Road, Arlington Heights, complete with any one or all bids of the following:

BUSINESS IS GOOD

We are selling more property than ever before. Six new SOLD signs went up over the week-end

There never has been a better time to sell your home at a fair price. We are having no trouble at all in selling clean-cut, well located homes. If you plan to sell your property, we suggest that you call us to appraise and list it. Let us tell you about our sales plan that really gets results — it's quite different as you will discover.

For the best and most satisfactory results, it is better by far to Deal With A REALTOR — BUT BE SURE IT IS A REALTOR. All brokers are NOT REALTORS - ONLY those who are members of the National Association Of Real Estate Boards and subscribing to the highest and most rigid code of ethics, may display the REALTOR emblem.

We are REALTORS — as are many other local real estate firms of excellent repute. For the best results in every way — call a REALTOR — we sincerely hope you call us.

THE AVERAGE HOME BUYER HAS THE GREATEST CONFIDENCE IN A REALTOR - - YOU WILL TOO

This woodland paradise is bursting into flower now.

The redbuds and hawthornes are coming to life, and the magnificent oaks and towering shag-bark hickories are spreading their shade again.

YOU can still buy an acre of this beautiful woodland and have a completed home built on it before this beauty is gone for another year. for there are choice locations available —

OR you can buy a custom built home by DON MORTON, that is already being built.

These fine homes are constructed up to a high standard of perfection, and not down to a lower level of competition. They FEATURE:

—3 large bedrooms
—Panoramic den
—Mutschler kitchens
—Built in range & oven
—2 fireplaces
—Face brick veneer
—Baseboard hot water heat
—2400 square feet of area
—2 ceramic baths
—All copper plumbing
—Stainless steel sinks
—Formica counters
—Paneled basement room
—ETLING-swing in windows
—BIG 2 car garage
—Hines lumber exclusively

In MARDAN WOODS ESTATES you'll enjoy the protection of the finest building and architectural restrictions ever designed — meant only to protect your values and the values of your neighbors.

How to Get There—

Drive out Rte. 53 to MARDAN WOODS ESTATES —Just 1.6 miles North of Rte. 12—Rand Road

TRADE IN YOUR HOME ON A NEW ONE

WHY NOT?

When you need a car or a radio you make a trade, don't you? Then why not trade that older home that you have outgrown for a NEW one that we will build to meet Your Needs.

We Are

CUSTOM BUILDERS

and will build a NEW HOME for you on YOUR LOT with YOUR PLANS or we have many lots available, and over 40 different plans to choose from. We appraise your home and will make you a TRADE-IN GUARANTY if your home qualifies. The amount of the guarantee will then be applied against the cost of the new home that we will build. By this method you eliminate a possible sales commission and the worry of selling your home and are assured of sufficient money to pay down on the new home even before selling it.

Drive To Arlington Heights and Let Us Explain Details of This Trade-In Plan

Have you a photo, blue print or sketch of your present home? No obligation on your part to hear our plan.

Des Plaines Threatens Court Action Against Weller Creek Trustees

Des Plaines city council has unanimously approved a resolution offered by Ald. Sam McKay (7th) which would have the city ask for a meeting with Weller Creek drainage officials on the matter of the creek's relationship to the flooding problem here. If no action is taken by the drainage officials the city will take court action to compel such a meeting.

The creek overflows when the rainfall is heavy causing flooded basements.

In the Shadow of + + + The Steeple

by William O. McGill

The coming meetings of the World Council of Churches, at Evanston, this summer, will be among the most important gatherings of the church — at least the non-Roman branches of the church — of all time.

This world assembly is one that will point up in stark fashion the problems of cooperative action and thought. For example, the World Assembly at Amsterdam, in 1948, took the organizational steps of world fellowship among the churches. That is, the mission of cooperation was taken from the hands of the ecumenical enthusiasts (the "ecumaniacs," according to one of them) and placed it in the hands of denominational "brass."

* * *

FOR WHAT are probably good reasons, executive secretaries and directors and trustees are less likely to think that "we are all Christians together" on administrative and financial planes than the enthusiasts.

Since there will be probably 150 church bodies from 45 countries involved in this assembly, it is readily seen that building an ecumenical fellowship is not an easy task.

A second problem relates to the fact that the meetings are being held in the United States — and in that part of the country which has been least inclined to consider international relations. Granted that there are few thorough-going isolationists, there is a naivete which is a result of our late awakening which cause a great part of the world to be distrustful of us. It is not that they suspect us of designs against them—nor is it that they do not suspect Russia of designs against them — rather they fear that our late awakening may necessarily result in ignorance and/or bumbling.

* * *

A THIRD PROBLEM facing the World Council at Evanston is the language situation. (Since there will be preliminary reports and final reports and daily press releases from the six sections in three languages, the committee on arrangements has already ordered six tons of mimeograph paper.)

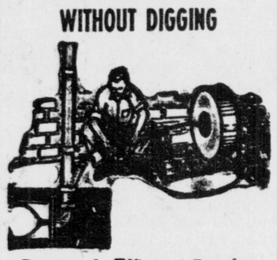

The jest, "It loses so much in translation," is a stark reality. The plain facts are that "capitalist" does not mean the same thing to an Asian or a Frenchman that it means to you and me. To an Asian, it means imperialism and "the white man's burden;" to a Frenchman, it means a class of people who could never be suspected of saying, let alone meaning, "What's good for the United States is good for General Motors." In this country, we do not often realize that there are Socialists in the world who are not "halfway Communists." Yet it is true of the Scandinavian socialists as well as the West Germany socialists.

There are antagonists to world religious understanding. The International Council of Churches is one of those interested in creating diversionary excitement. The ill-conceived venture of some portions of the American Legion in raising objections to several European visitors has been rather obviously traced to the International Council's inspiration. The most direct retort has been the rhetorical question, Can't we stand having a few Christians from behind the Iron Curtain coming to see how we live and think in the United States?

IS *the parade of smart money coming your way?*

The smartest money in town is spent by informed buyers . . . folks who make it a practice to know **WHO'S SELLING WHAT** for **HOW MUCH** before they buy. Where do they get their information? By "shopping the ads" in this newspaper **week-by-week**, ever alert for the best opportunities to spend their money wisely and well.

Newspaper advertising reaches your richest, most responsive market.
Why not get the complete story? Call CLearbrook 3-1520.

Your ad in this newspaper puts your selling message before the eyes of your best customers — both actual and potential — at the very time when they're scanning the paper for the express purpose of deciding **WHAT** to buy from **WHOM.**

People buy this newspaper because they **want** to read it. That goes for the ads as well as the news columns.

They read **both** with confidence, because this paper comes into their homes as an invited guest and faithful friend. Why not come along and tell **YOUR** story where it will do the most good?
